INDUSTRIAL TRUCE FOR THREE MONTHS, NAMING OF ARBITRATION BOARD BY PRESIDENT AND EARLY MEDIATION OF STEEL STRIKE, CONFERENCE PLAN

Public and Labor Groups Make Important Proposals at Today's Session.

STRIKERS WOULD RETURN

Gompers Plan Contemplates Immediate Resumption of Work by Steel Workers, Pending Outcome of Efforts to Arbitrate; Six on Board.

By Associated Press.

WASHINGTON, Oct. 9.—An immediate industrial truce to continue three months, creation of an arbitration board by the President and Congress, and immediate arbitration of the nation-wide steel strike, were among proposals made today to the industrial conference here. The first two were presented by representatives of the public and the last by the labor group.

Bernard Baruch, chairman of the public group, made the proposal for the industrial truce while Samuel Gompers, president of the American Federation of Labor, and chairman of the labor group, proposed arbitration of the steel strike. Mr. Gompers' plan contemplated immediate return of the steel strikers to work pending the outcome of efforts to arbitrate the dispute.

Gavin McNab of San Francisco proposed a permanent arbitration board. His resolution had the approval of the public group, providing that all living ex-Presidents be members.

Mr. Gompers' board for arbitration of the steel strike would be composed of six members, two to be appointed by each of the three groups in the conference, capital, labor and the public. Mr. Gompers also presented a resolution embodying 11 fundamental principles which, he emphasized, had the unanimous approval of the labor group, including the representatives of the four railroad brotherhoods.

HAS GOOD NIGHT

President Shows Further Improvement Today.

By Associated Press.

WASHINGTON, Oct. 9.—President Wilson had another good night and apparently showed further improvement today.

This was the announcement at the White House this morning.

"President Wilson continues to hold the slight improvement in his condition noted yesterday," said a bulletin issued today by Rear Admirals Grayson and Stitt. For the first time since he was called in a week ago, Dr. Ruffin of this city was not present at this morning's consultation. Dr. Dercum, the noted Philadelphia neurologist, who was summoned to Washington when the President's condition took a turn for the worse more than a week ago, probably will see the executive again Saturday.

GAS EXPLOSION

Kills One Man and Injures Two In Mine at Bradenville.

By Associated Press

LATROBE, Oct. 9.—One man was killed and three others were burned when gas exploded in a mine owned by the Bradenville Coal & Coke company, Bradenville, near here yesterday. John Silko, aged 54, of Bradenville, was killed and Daniel Watkins, aged 35, Joseph Doin, aged 35, Louis Boio, aged 28, all of Bradenville, were injured.

The mine was formerly owned by the Duquesne Coal & Coke company.

"MAN HUNT" FOR WOMAN

Posse of 100 Seeks Pair Who Shot Two Near Macon, Ga.

By Associated Press.

MACON, GA., Oct. 9.—A man hunt with a woman as one of the fugitives was in progress today.

Sheriff Hicks of Bibb county with a posse of about 100 men was searching the woods near the site of Camp Harris for a man and woman charged with killing A. J. Elkins and probably fatally injuring Tom Sanders, near here, late yesterday.

WEATHER UNCERTAIN

Showers and Moderate Temperature Predicted at Chicago.

By Associated Press.

CHICAGO, Oct. 9.—It was slightly cloudy early today and a cool wind was blowing. Showers with a moderate temperature was the official weather forecast, making it uncertain just what the weather might be at 2 o'clock, when the Reds and Chicago White Sox were to clash in the eighth game of the world series.

Gone, Not Forgotten.

"Tony Rendine. Gone but not forgotten." These words were found written on the wooden blocks at Brimstone corner occupied by the traffic officer, Patrolman D. H. Turner when he came on duty yesterday. Tony was popular with the motoring public during his tenure on the corner. He was granted a furlough of six months recently to engage in business.

LT. MAYNARD REACHES OMAHA, NEB., IN AIR RACE; SIX OTHERS REPORTED DOWN

Three Aviators Killed is First Day's Toll in Transcontinental Race.

By Associated Press

OMAHA, Oct. 9.—E. W. Maynard, leading the field in the trans-continental derby, arrived at Ak-sar-Ben flying field here at 12:48 today. He made the trip from Des Moines, a distance of 118 miles, in one hour and 11 minutes.

MINEOLA, Oct. 9.—Rain held up virtually all westbound fliers in the Army's trans-continental contest early today at the control stations in Rochester, Buffalo, Bryan and Cleveland. Weather conditions around Chicago had sufficiently improved at noon to allow the westbound flyers to resume.

Eastbound fliers encountered bad weather and three pilots were unable to leave Salt Lake City, Utah, early today for Green River, Wyo., 137 miles distant, and 755 miles from the starting point at San Francisco. Lieutenant E. W. Maynard, the flying parson, led all other aviators in the distance covered. His total elapsed time between Mineola and Rock Island was 24 hours and 13 minutes, allowing for the difference of one hour in time.

Thirty of the 48 machines leaving here had arrived at Buffalo before noon today. A number of others were held up at Binghampton and Rochester. Captain John Marquette, who landed near Williamsport, Pa., yesterday because of trouble with his compass, resumed his journey to Binghampton today.

ASHTABULA, O., Oct. 9.—Airplane No. 45 in the trans-continental aero derby fell into Lake Erie three miles east of Ashtabula Harbor this morning. The occupants were rescued by a steamer. An attempt will be made to salvage the plane.

CLEVELAND, O., Oct. 9.—New York Central railroad officials say that four fliers have landed at Fairview, Pa., and two more at Erie, Pa., enroute from Buffalo to Cleveland because of the rain. All landed safely.

MINEOLA, N. Y., Oct. 9.—Three aviators had been killed, four of the 62 originally entered planes had been put out definitely of the running and several other remained unknown early today when the Army's great transcontinental air race over a 3,400 mile course between Mineola and San Francisco was resumed.

Forty-seven airplanes piloted with one exception, by American military aviators, started from here Wednesday, to blaze an aerial trail 3,400 miles across the continent and return in the greatest speed, endurance and reliability contest in history, while from San Francisco 15 planes took the air for the East. Five more planes were to leave Thursday.

Lieutenant J. B. Machle was the first to leave Mineola, leaving at 9:15 A. M.

At Sundown Wednesday Lieutenant Melvin W. Maynard, a Baptist minister and winner of the recent trip contest between New York and Toronto, had flown 840 miles from Mineola and landed at Chicago, while several other westbound contestants were resting overnight at Binghampton, Rochester, Buffalo, Bryan, O., and Cleveland control stations along the way.

NEGRO WORKMEN AND [illegible]ERS CLASH AT [illegible]ONORA; TWO ARE SHOT

Crowd Scattered by State Police Without Any Serious Casualties.

By Associated Press.

PITTSBURG, Oct. 9—A clash between negro workers and foreign-born strikers at Donora today resulted in two men being shot and wounded and a number injured.

The crowd was scattered by the state police without serious casualties.

The state troopers were assisted by local police and deputies. According to the burgess of Donora, there were about 20 in the attacking party who lay in wait for workers going to and from the plant here of the American Steel & Wire company.

When a party of eight or 10 workers, whites and negroes, came along they were assailed by all kinds of missiles. The workers fought back and there was some shooting. This brought the local police and a call was sent in for the state troopers.

The clash lasted but a few minutes and it was found that two men alleged to have been members of the attacking party were shot in the legs. After their wounds were dressed the men were arrested. A thorough investigation is being made by the borough authorities.

TRUMBULL STEEL COMPANY PARTIALLY RESUMES TODAY

YOUNGSTOWN, Ohio, Oct. 9—The Trumbull Steel company of Warren, an independent plant employing 5,000 men, has resumed in part, it was announced today by company officials. The statement followed an announcement by employes of the mill, after a meeting yesterday, that an amicable agreement had been reached between the company and the men and that the men would return to work as soon as possible.

MEN GOING BACK TO WORK OR LEAVING JOHNSTOWN

JOHNSTOWN, Oct. 9—Local labor leaders were greatly perturbed over reports of large numbers of strikers signing contracts to return to work in the steel mills and also over an address alleged to have been made at a mass meeting in Cambria City by a priest, who urged the men to return to work before they became classed as Bolshevists. It was admitted at the Labor Temple that many strikers, tiring of the long period of idleness, with no pay day in sight, had visited the Cambria Steel company offices and signed contracts to return to work.

Giving up hope of an immediate settlement of the strike situation, hundreds of strikers are leaving Johnstown, some obtaining employment in other places and others—the foreign element—returning to their native lands on visits of indefinite duration.

LACKAWANNA STEEL CO. PREPARING TO RESUME

BUFFALO, Oct. 9—One blast furnace has been placed in operation by the Lackawanna Steel company and preparations are being made to light another. The company was impelled to make a start at operations after two weeks of enforced idleness by the return of approximately 200 to 300 steel workmen. This force augmented by the 500 to 600 laborers and plant helpers who have been at work for a week constitute the present force at the plant. No attempt is being made by the Donner Steel company or the Rogers-Brown Iron company to start operation.

Numerous indications appear that the strikers have had enough of the strike and are preparing to return to work in large numbers. It is expected that by the end of the week the Lackawanna Steel company will have sufficient men at work to man not only two blast furnaces, but also some of the open hearths and mills.

$10,000 DAMAGES ASKED

Miss Margaret Dull Defendent In Suit Over Automobile Mishap.

Miss Margaret Dul, whose automobile ran down little Angelo Terrello near the junction of Pittsburg and Fayette streets on July 22, 1917, is made the defendant in a damage suit for $10,000 filed by the father of the boy, Carmino Terrello, in Uniontown.

The statement of claim charges that the car was being operated at excessive speed and that the child, in the act of crossing the street, was struck by the car and sustained a fracture of the skull and other injuries which have impaired his mental faculties and his health.

Lt. Myers Discharged.

Lt. William H. Myers returned from Camp Dix, N. J., last night after receiving his discharge from the Army. He was two years in the service, having been commissioned at the First Officers' training camp at Fort Oglethorpe, Ga.

FALLS OVER WIFE'S BODY

Hopwood Postmaster Makes Harrowing Discovery on Return Home.

As Postmaster Simeon Goff of Hopwood and his daughter, Lea, stepped into the kitchen of their home last evening after having closed the office, they stumbled over an object in the dark. Investigation showed it was the body of Mrs. Goff. A physician who was hastily summoned said the woman was a victim of apoplexy.

Mrs. Goff was 49 years old. She was a daughter of the late Jerry White who for many years was tollgate keeper at Hopwood on the National pike. She was in apparent good health when the postmaster and his daughter were home for supper.

Ask Boost in Gobs' Pay.

WASHINGTON, Oct. 9.—Fifty dollars a month should be the minimum pay for naval enlisted men, the House Naval Committee was told today by Admiral Wilson, commander of the Atlantic fleet, and Rear Admiral Washington, chief of navigation. They urged an advance of 50 per cent for enlisted men and 35 per cent for officers.

Westmoreland Institute.

GREENSBURG, Oct. 9.—The Westmoreland county Teachers' association will hold an institute Saturday at Latrobe. The speakers will include Dr. James H. Kelley, University of Pittsburg; Dr. Whiteman Barbe, West Virginia University; Mrs. E. E. Kiernan, Somerset; Miss Viola Stout and J. C. Beatle, Mount Pleasant township.

"DON'T WEAKEN! PRICES ARE COMING DOWN," SAYS ATTY. GENERAL PALMER

They Have Already Been Prevented From Going Any Higher, He Maintains.

Connellsville people who had expected much toward a reduction of the high cost of living after President Wilson's special message and the announcement that the government was going to extend no mercy to the pitiless profiteer had about given up hope that anything would be accomplished. Prices were, if anything, higher. Now comes Attorney General Palmer with a reassuring message. In six weeks, he predicts a considerable reduction in living costs. He urges the people not to weaken, to hold on a little longer.

"Don't weaken," Palmer said. "The upward trend of not only wholesale but retail prices in the United States has been stopped. The first thing the department was confronted with was the stopping of this ascent in prices, and this has been done."

As a result of the campaign made by the department of justice, the attorney general expressed a belief that there had been a drop of 15 to 20 per cent in wholesale prices and possibly five to 10 per cent in retail prices.

"The reason that more tangible relief from retailers is not evident," Palmer said, "is that most of the stock on hand now was bought at war prices and the retailer is unwilling to take a loss, and even hesitates to shave down his margin of profits."

LEGION MEETING

Citizens Invited to Attend and Find Out What Organization Is.

A meeting of Bishop Post, The American Legion, will be held tonight in the Y. M. C. A. Much important business is to come up, so a large turnout is expected. Delegates to the state cantonment will make their reports.

Citizens of town who wish to learn of the Legion and its purposes have been extended an invitation to attend tonight's session. They will be cordially welcomed by the members.

Ex-service men who have not as yet affiliated themselves with the local post are asked to come around tonight and sign up. The American Legion will be put on a permanent basis after the national encampment at Minneapolis, November 11 and 12. Permanent officers will then be elected by the local post and a definite campaign outlined. Plans for the work after the permanent organization will be discussed tonight.

LIEUT. COL. M'CRUM

Is the Permanent Title of a Former Member of The Courier Staff.

Lloyd G. McCrum, a one time local editor of The Courier, and now general manager of W. H. Bradford & Company, of Philadelphia, coal operators in the Somerset county field, has been commissioned as lieutenant colonel in the Officers' Reserve Corps of the U. S. Army.

During the war Colonel McCrum was in charge of production at the United States arsenal at Rock Island, Ill., for the efficient management of which he was very highly commended by the War Department.

Monument at Bushy Run.

HARRISBURG, Oct. 9.—The Pennsylvania State Historical Commission will participate in the erection of a monument on the site of the battle of Bush Run in Westmoreland county, according to announcement at Harrisburg. The monument will be on the Wanamaker tract

Case of Scarlet Fever.

A case of scarlet fever was reported today to Health Officer George Hetzel.

LEGION STANDS FIRM ON RESOLUTION THAT DE VALERA IS TRAITOR

State Secretary Tyler Declares Organization Does Not Intend to Rescind.

Special to The Courier.

PHILADELPHIA, Oct. 9.—The American Legion in Pennsylvania stands firm on its resolutions declaring that Eamon de Valera is a traitor, despite protests from Irish societies. But the resolution directed against the man who is styled the president of the Irish republic does not include as his object the Irish people or the Irish republic set up by the Sinn Fein.

Those were the points made clear yesterday by George F. Tyler, state commander of the Legion, in commenting upon the action of the convention last Saturday in Harrisburg.

"The American Legion of this state has officially gone on record as having adopted this resolution unanimously at a convention of representative delegates from all posts of the state, and there is no intention of rescinding it," the state commander said yesterday. Sufficient evidence was presented at the convention, Mr. Tyler said, to warrant such action.

Thomas E. O'Neil, newly elected president of the Ancient Order of Hibernians, was silent as to whether his society would ask the Irish members in the Legion to withdraw their memberships.

"It was a very regrettable incident; the work of British propagandists, I am sure. I cannot say now whether our society will take any further action on the matter aside from the resolution they adopted Sunday night deploring the adoption of the resolution at Harrisburg," Mr. O'Neil said.

The de Valera resolution as adopted at the state convention was unanimously indorsed at a meeting of Lieutenant Henry Houston Post, of Germantown, at a meeting held Monday night. The membership of this post is 812. The indorsement came after Colonel Millard D. Brown, formerly of the Twenty-eighth Division, one of the post's delegates to the convention, had explained the measure.

WITHDRAW SUIT FRIDAY

Finis to be Written Then to Troubles of Young Veterinarian and Wife.

Announcement was made in Uniontown today by Attorney John Duggan, Jr., that the $50,000 damage suit of Mrs. Beatrice R. Sherrick against her father-in-law and mother-in-law, Dr. and Mrs. F. N. Sherrick for alienation of the affections of their son, Dr. George Sherrick, will be withdrawn tomorrow.

At the same time it was made known that Dr. George Sherrick had instructed Attorney P. E. Younkin to withdraw divorce proceedings against Mrs. Sherrick. In doing this, it was stated, Dr. Sherrick repudiated the charges made and said the suit was not filed at his own volition.

FRED FRISBEE IN STATES.

Arrived In New York Last Evening; Will Be Home Next Week.

Fred Frisbee, who has been serving as financial secretary at the Paris headquarters of the Y. M. C. A. for the past nine months, arrived in New York last evening on the steamer "Noordam," according to a telegram received here today.

Several days being required to make his final report to headquarters and receive his discharge, he does not expect to reach Connellsville until sometime during the coming week.

Hough Inquest Tonight.

An inquest into the death of little Ernest Hough, who was run down by an automobile at the McClure school house and killed, will be conducted this evening at 8:30 at J. E. Sims' undertaking rooms by Coroner S. H. Baum.

SCOTTDALE MAN HANDS OUT RECIPE FOR HOME BEVERAGE WITH TASTE, COLOR AND KICK

There are many home breweries and distilleries operating throughout this arid country and there are hundreds of formulas for near-whisky which are amazing in their simplicity. Persons who used to marvel at the magnitude of a distillery and wonder what the complicated process of making was that required so many buildings and so much machinery, can hardly realize that a few simple ingredients found in every home can be introduced to each other and made to form a beverage that has all the requisites of the $15-a-quart variety. It's all in the formula and the mixing. A Scottdale man has divulged his recipe for a substitute that has everything—color, body, taste and kick. Whatever you care for in a drink it's got. Listen closely, then paste this in your recipe-book:

Take some potato parings, the simple outer coverings of the humble tuber, which to this time have largely been waste, add a quantity of Jamica ginger such as almost any druggist will sell you if you tell him you've got cramps pretty bad and then inject a small quantity of liniment. There is a certain brand containing about 70 per cent alcohol which is best but it's name cannot be given here, for obvious reasons. There you have it. The potato parings give it body, the ginger contributes color and the liniment puts in the kick. A little experimenting may be necessary to determine the exact quantity. The beverage is said to ripen quickly. Some say it's like a hard-boiled egg—ready in five minutes, some prefer it after its settled a few days. But it's surely a hard-boiled drink. The inventor says you feel like Christmas morning after one hoot. Two swigs make you love the whole world and root for the League of Nations. Three or four make you feel so charitable and friendly to the universe you want to start a drive to Help the Heathen Hottentots.

With the prohibition enforcement law in effect, such beverages may be manufactured for home consumption with entire immunity.

Weather Forecast

Rain tonight and Friday; warmer tonight, cold Friday afternoon and night, is the noon weather forecast for Western Pennsylvania

Temperature Record.

	1919	1918
Maximum	72	72
Minimum	60	45
Mean	66	59

The Youghiogheny river fell during last night from 2 feet to 1.80 feet.

HARD-WORKING BURGLAR GOES THROUGH TWO FLOORS OF WEST PENN BUILDING; GETS ONLY $15

Loots Pocketbooks in Dispatchers' Office and News Stand Cash Drawer.

VISITS SEVERAL OFFICES

Jimmies Rear Window on First Floor and Tries to Enter G. W. Brown's Office; Upstairs Rooms Ransacked But Nothing of Value is Gone.

A burglar who ransacked a number of offices in the West Penn Railways building last night took no chances at being seen from the outside. He turned off the brilliant electric lights that illuminate the place and then proceeded, apparently at his leisure, with the work of going through desks and drawers. Where a glass in a window or door barred the way, he smashed it. If means of entry was available through no other way than the transom he crawled over by that route. So far as could be learned today, his loot consisted of less than $15 cash, two raincoats and a few sweaters.

The robbery was perpetrated after the dispatchers' office and waiting room were closed about 1:15 o'clock. A large window in the rear of the first floor of the building was pried open. Presumably the barbershop of George W. Keffer in the basement of the building, at the front, was first visited. This is the theory of the police after an investigation. A large panel of glass in the barbershop door was broken. Every drawer in the shop had been opened, including that of the cash register, which was not locked as a precaution against damage to the machine in event of such visits, but not a thing was missing, the proprietor said.

On the first floor of the building three places were ransacked—the dispatchers' office, the quarters of the Union News company and the office of the Western Union Telegraph company. At the last named place nothing was secured, it was said. The dispatchers' office was entered by climbing through the transom. This was not until after the movable window in the door to the office had been jimmied, with the result that the glass broke. Presumably the robber thought he would find a button to turn. Instead there was a Yale lock and he found it necessary to go through the transom. In the dispatchers' drawer were several pocketbooks lost on trolley cars. These had been looted of their contents, estimated at about $8. The safe was not disturbed.

Surrounding the Union News company's place is a heavy wire grating several feet high. Over this the intruder climbed to get at the money drawer in which was about $5 in small change. How much of the stock of candies had been taken the manager could not tell until the stock had been checked.

The only offices on the second floor visited were those of General Superintendent Daniel Durie and Assistant Superintendent Ernest R. Kooser. The desks of both were forced and the contents scattered about, evidently in search of money of which there was none. A check for $10 in Mr. Durie's desk was left lying there.

So far as is know no other offices were entered, although an effort had been made to pry open from the outside door of George D. Brown, district superintendent of lighting. The marks of the jimmie, which was left lying in the dispatchers' office, were found on the window sill.

A raincoat belonging to Harry Bittner, an employe of the lighting department, was found to be missing also.

Lying outside the building this morning employes of the company found an axe that had been in the rear room of the first floor. It is presumed the robber took it there.

There was no sign of anyone having visited the third floor of the building.

During the night a rear door at the office of Dean's Bottling Works in South Arch street was forced open and the place ransacked. An unsuccessful effort had been made to pry open the desk.

This morning Harry Bittner found a suitcase lying in West Church place. It contained a number of musical instruments of minor value. It was turned over to Constable J. W. Mitchell who with Patrolman P. M. Rulli was investigating the robbery.

SHOWMAN PLACES VALUE OF $12,000 ON HIS PROPERTY

Others Estimate Real Estate Taken by School District at $10,000 to $12,000 in Court Trial.

Taking of testimony for the plaintiff in the suit of William H. Showman against the Connellsville school district, an appeal from the award of the viewers in the matter of the property of Showman, taken by the school board for a part of the new high school site, was continued during the forenoon in common pleas court in Uniontown today before Judge J. Q. Van Swearingen. Several witnesses were called to testify as to the value of the property at the time it was condemned. None of the estimates was below $10,000. They ranged upward to $12,000.

Showman estimated the value of the property at $12,000 at the time it was taken for school purposes. The viewers had awarded approximately $8,000, which was held to be far too low.

Showman took the witness stand Wednesday afternoon at 2 o'clock and his examination was yet in progress when court adjourned at 5 o'clock. He described minutely the property in question and fixed its "market value" at $12,000. Competency of Showman to give the market value of the lot was questioned by counsel for the defendant and considerable time was consumed in arguing the point. Showman based his estimate upon values in the neighborhood, but counsel asserted that he was not qualified to fix the value because he could not name a transfer at public sale. He was permitted to name the figure.

Effort of the plaintiff to inject plans Showman had made for the improvement of the property also met with strong objection which was sustained by the court. Plaintiff's counsel offered to prove by the witness that an architect had been employed to draw plans for a new building and that old structures on the property had been removed to make way for the new building. He was permited to testify why the old buildings were removed but the court ruled that he could not go into detail of contemplated improvements.

Judge E. H. Reppert yesterday granted a temporary injunction restraining the East Connellsville Coke company from crossing the property of James M. Newcomer in German township. The injunction is made returnable Monday morning, October 13, at 10 o'clock. The bill of particulars sets forth that an agreement was entered into providing for passage over the property which had been violated by the coke company. A notice to discontinue crossing the property, it was set forth, was ignored.

Judge J. C. Work handed down an opinion in the estate of William McGregor, who was killed in an accident in the Youngstown mine of the H. C. Frick Coke company, October 15, 1907. James McGregor, the administrator, rendered a final accounting, showing a balance of $1,159.28 of which amount James McGregor, William J. McGregor, John T. McGregor, and the Citizens Title and Trust Co., in trust for Elsie May McGregor each receive $289.82.

The final account of Martin C. Hess of South Brownsville, administrator in the estate of Lillian Gold Christner, late of that municipality, shows a balance on hands for distribution of $5,963.87, which the court directed to be divided as follows: Mrs. Coulter Howe, Charles Christner and the Fayette Title and Trust Co., of Uniontown, $993.98 each, the trust company receiving three portions for West, James and Edna Christner.

TO FORM PITT CLUB

Fayette County Graduates Will Meet in Uniontown, October 16.

Many University of Pittsburg graduates who reside in Connellsville will attend a meeting which will be held in the auditorium of the Uniontown high school on Thursday evening, October 16, at 8 o'clock, for the formation of a Fayette County Pitt club. Delegations from Brownsville, Fairchance, Dawson and other points in the county will meet with the Pittites of Connellsville and Uniontown on that evening to effect a Pitt organization similar to the Pitt clubs which already exist in Johnstown, Youngstown, O., and New York City. Officers will be chosen and plans made for a permanent organization which will include in its membership every Pitt man and woman within the limits of the county.

Dean Will Grant Chambers, of the Pitt school of education, will come from Pittsburg as the main speaker of the evening in order to give Fayette county Pitt men first hand information on present conditions at their alma mater, and future plans for progress. The next meeting will be held at Connellsville and Uniontown will send a large delegation in appreciation of the support which Connellsville will give the organization meeting.

The Coolest Night.

Wednesday night was the coolest of the season.

Shoot Planned For Today.

The Connellsville Gun club planned to shoot at the Marietta farm this afternoon, weather permitting.

CAR LOSES WHEEL

Trotter Man's Machine Halts Street Car Traffic on West Side.

While William Wishart of Trotter was driving to Connellsville last evening his automobile dropped a front wheel just west of the Crawford avenue bridge, West Side, with the result that trolley traffic was blocked for a time. Passengers of the 8 o'clock main line cars were transferred at the scene of the mishap. Repairs were made in time to allow passage of the 8:15 car.

Nobody was injured as the automobile remained upright.

GUILD PLANS ANNUAL HALLOWE'EN PARTY.

A special joint meeting of the Women's Guild and the Vestry of Trinity Episcopal church was held last evening in the church house. Plans were made for the fourth annual Hallowe'en party to be held October 30th in Odd Fellows' Temple, and the following committees were appointed. General chairman, Mrs. W. H. McElhiney.

Candy—Mrs. Irene Bosley, chairman, Misses Anna Smith, Dorothy Vanstone and Emma Weisgerber.

Sandwiches and coffee—Mrs. J. S. Bryner, chairman, Mrs. Edna Brendle and Mrs. Leary.

Pie—Mrs. I. W. Myers, chairman, Mrs. Wedgewood, Mrs. Longwell and Mrs. Phillips.

Cape—Mrs. Paul Gerke, chairman, Mrs. K. W. Brown and Mrs. Herbert Pratt.

Doughnuts—Mrs. Woods, chairman, Mrs. Harry Vanstone.

Cake—Mrs. Paul Gerke, chairman, Paul Gerke.

Country store and post office—Mrs. Mong, chairman, Mrs. Weisgerber and Mrs. C. C. Bloom.

Amusements and music—Mrs. John Wilder, chairman, Mrs. F. R. Graham, Herbert Pratt, W. H. McElhiney and L. W. Brown.

Ice cream—Mrs. Mary Minnis, chairman, Mrs. Lucy Davis, W. H. Weisgerber and T. G. Kincaid.

Reception—Mrs. Elizabeth Getchell, chairman, Mrs. Richie, Mrs. William McFarland, Mrs. J. W. Greaves, Sr., and Mrs. Kelley.

Advertising—Miss Dorothy Vanstone.

Tickets—J. S. Bryner, chairman, E. A. VanNatta and Miss Gladys Hawke.

Decorating—John Wilder, chairman, C. C. Bloom, Mrs. G. N. Wood and Mrs. Paul Gerke.

The next regular meeting of the Womens' Guild will be held Wednesday evening, October 15, at 7:30 in the church house with Mrs. I. W. Myers as hostess.

Edna Rebekah Lodge Meeting.

At a meeting of Edna Rebekah lodge last night in Odd Fellows' hall eight applications for membership was presented. Ice cream, cake and coffee were served after the meeting.

Always Busy Club.

The Always Busy club will meet with Mrs. David Long at her home on Morrell avenue on Friday afternoon at 2 o'clock.

Guild to Meet.

The Young Ladies' Guild of Trinity Reformed church will meet this evening at the home of Mrs. Charles Fair at South Connellsville.

L. W. Class Meeting.

The L. W. Class of the First Baptist church will meet this evening at the home of Mrs. J. R. Fornwalt on South Eighth street, West Side. As this is the annual business meeting, a large attendance is expected.

D. A. R. Meeting.

A meeting of the D. A. R. will be held tonight at 7:30 in Odd Fellows' hall. Every member is urged to be present.

Reception for Pastor.

The membership of the United Brethren church will hold a reception this evening, beginning at 7:45 o'clock at the church to honor the pastor, Rev. I. S. Showers, who was returned by conference for the sixth consecutive year as pastor. All members and friends of the church are invited. A program will be rendered and lunch served.

Goodfellowship Class.

The Goodfellowship class of the United Brethren church will meet Friday evening in the Sunday school room of the church.

Baraca Class Social.

The Baraca class of the First Baptist Sunday school will meet this evening at the church. An interesting program has been prepared and the hope is that every member of the class will be there.

PERSONAL.

Mrs. William McCormick will leave tonight for Chicago to visit her daughter, Mrs. Rufus G. Fordyce, who has been ill. Mrs. Fordyce is suffering from an affection of the shoulder, believed to be due to the wrenching of tendons in operating an automobile, with a possibility that it may be neuritis. She is in great pain. Mr. McCormick has just returned. While he was there he witnessed the three games between the Cincinnati Reds and the Chicago White Sox and as a result is a firm believer in the final triumph of the Sox.

You are cordially invited to attend the formal opening of Aaron's New Victrola Department, starting today and continuing Friday and Saturday.—Adv-9-1t.

William S. Ringer, formerly of South Connellsville, now located at Middle Creek, Somerset county, is a visitor to Connellsville today.

The best place to shop after all. Brownell Shoe Company.—Adv.

Mrs. John Campbell and George Brookman will go to Masontown tonight to attend the funeral there tomorrow of Mrs. Campbell's aunt, Mrs. Edward Colbert, who died Wednesday morning at that place.

This is the oldest and largest tailoring establishment in this section! Liberty bonds accepted! Dave Cohen, Tailor.—Adv.

Mrs. Martha Eaton Brickman has resumed her vocal studies with R. B. Savage of Pittsburg.

You'll enjoy hearing the Free Victrola Concerts at Aaron's—starting today and continuing Friday and Saturday—from 2 to 5:30 o'clock. Everybody welcome.—Adv-9-1t.

Mr. and Mrs. W. F. Beck of Point Marion were guests last night of Mr. and Mrs. William Percy of the West Side. They brought their little daughter here for an operation for the removal of tonsils which was performed at the South Side Private hospital.

Mr. James Charlesworth wishes to inform the people of Connellsville and vicinity that he will commence with his class on October 13, 1919 to teach any one desiring lessons on the pianoforte, pipe organ or vocal. For further information call at 102 Watt street, off East Murphy avenue.—adv-10-3t.

Mrs. Harry Porter and little son of Scottdale are guests today at the home of Mr. and Mrs. J. D. Percy, Mrs. Porter's parents, in West Peach street.

There is a pleasant surprise for you at Aaron's. So be sure to attend the formal opening of the New Victrola Department, starting today and continuing Friday and Saturday.—Adv-9-1

Miss Elizabeth Weimer of Everson was a guest yesterday at the home of her sister, Mrs. J. N. Schildkamp, East Francis avenue.

ITALIAN SLASHED

Dispute Over Stock Sale Said to Be at Root of Cutting Here Today.

Called from his work at the plant of the Connellsville Macaroni company on the West Side this morning at 9:30 o'clock by two men, both Italians, Joseph Serselle, 41 years old, was slashed in the neck by one of the men, both of whom fled. Serselle was taken to the Cottage State hospital. It was said there his wound was not serious.

Serselle came from Cleveland about 10 days ago. The attempt on his life is said to have been the echo of the sale of some stock to a Canton, Ohio, Italian who followed him here. Serselle knew this man, according to the officers, but has not divulged his name. The other was a stranger, and the theory is that he was hired to cut Serselle.

FOOD IN BIG DEMAND

Supply of Beans, Corn and Peas at the City Market Entirely Too Small.

Opening this morning of the second city sale of War Department foodstuffs in the former E. Dunn store in North Pittsburg street witnessed a rush that by 10:30 o'clock had cleaned out all the stock but a few cases of tomatoes and bacon.

"We could have sold 300 more cases of beans," said Food Director Antonio Bufano. There was a big demand also for corn and peas and the supply was not nearly adequate.

Councilman C. W. Utts was in charge of the sale.

An effort will be made to get a further supply of foods, it was stated.

REVIVAL DRIVE

Evangelists to Hold Forth 15 Nights At Mt. Zion Church.

Rev. H. G. Hooe of Washington, Pa., and Rev. L. E. Kaiser of Steubenville, Ohio, will conduct 15 nights' revival services in Mt. Zion Baptist church, Fourth street, West Side, beginning Sunday, October 5 with a sunrise prayer-meeting conducted by the pastor, Rev. R. D. Epps.

Rev. Hooe and Rev. Kaiser are among the best known singing and preaching evangelists working among the colored people and their campaign here is expected to have big results.

ADDIS IS 73

G. A. R. to Celebrate Birthday of Member on Friday.

William F. Kurtz Post of the G. A. R. will meet in Odd Fellows hall on Friday afternoon at 2 o'clock. Following the business meeting the members will go to the home of William A. Addis on Apple street to celebrate his birthday.

Mr. Addis has passed his 73rd milestone.

An Agreeable Surprise.

"About three years ago when I was suffering from a severe cold on my lungs and coughed most of the time night and day, I tried a bottle of Chamberlain's Cough Remedy and was surprised at the promptness with which it gave me relief," writes Mrs. James Brown, Clark Mills, N. Y. Many another has been surprised and pleased with the prompt relief afforded by this remedy.—Adv.

Son at McGivern Home.

A son arrived at the home of Mr. and Mrs. Felix McGivern of Scottdale on October 3. The new arrival is the first child. Mrs. McGivern was formerly Miss Anna Schlinger of Broad Ford.

Brownsville Couple Licensed.

A marriage license was issued yesterday in Pittsburg to Wilbur R. Rhodaback and Anna C. Mayers, both of Brownsville.

The Grim Reaper

MRS. EDWARD COLBERT.

Mrs. Elizabeth Klink Colbert, wife of Edward Colbert, died Wednesday morning at her home at Masontown, at the age of 58 years. She was born and reared in Connellsville and lived here for many years. Her parents were Samuel and Lydia Klink who lived in what is now the Third ward. Mrs. Colbert was married in Connellsville and since then had lived in several places in the county. For the last three years her home had been at Masontown. There are no children. Besides the husband there survive the following brother and sisters: Mrs. W. C. Lott and Mrs. Minnie Anderson, Uniontown; Samuel Klink, Alverton; Mrs. Etta Anderson, and Miss Emma Klink, Charleroi. Mrs. John Campbell of North Pittsburg street, Connellsville, is a niece. She was a member of the Masontown Methodist Episcopal church and the Daughters of America in Uniontown.

The funeral will be held Friday morning at the Methodist church at Masontown. Interment will be in Park Place cemetery, Uniontown.

MRS. SARAH J. PFEIFER.

Mrs. Sarah J. Pfeifer, 67 years old, mother of Mrs. J. Donald Porter of this city, died about midnight last night at the West Penn hospital, Pittsburg, to which she was removed Monday for diagnosis of illness with which she was stricken Sunday. While she was there pneumonia developed, causing death. Mrs. Pfeifer's home was in East End avenue. She had frequently visited in Connellsville. Mrs. Pfeifer was born in Pittsburg and spent her life there. She was a member of the North Avenue Methodist Episcopal church. Her husband, Charles F. Pfeifer, died about 20 years ago. Besides Mrs. Porter, who was with her when she died, she is survived by the following children: Mrs. Ora A. Powell, Pittsburg; Mrs. George Scritchfield, Braddock; Mrs. C. B. Kennedy, Chicago; Charles Pfeifer, near Pittsburg, Harry E., Rochester, Pa., and Edward, at home.

Funeral services at the home of Mrs. Scritchfield, 2426 Woodstock avenue, Braddock, Friday evening. Interment Saturday afternoon in Allegheny cemetery.

THOMAS H. EVANS.

Mr. and Mrs. W. H. Adams and daughter, Mildred, of York avenue have returned from Washington, D. C., to which place they were called by the death of Mrs. Adams' brother-in-law, Thomas H. Evans on October 2. Death occurred in the University hospital. Mr. Evans was 73 years old. He was born in Pittsburg and spent his boyhood days there. He served in the Civil War and at the close of the war returned to Pittsburg. Later he located at McKeesport and then went to Washington in 1897, residing there to the time of his death. His widow, formerly Mrs. Susan Crawford Ruble, two sons, three stepsons and one stepdaughter survive. Interment was made in Arlington cemetery.

MRS. ELIZABETH T. BEAN.

Mrs. Elizabeth T. Bean, 83 years old, died Wednesday at her home in Beeson avenue, Uniontown. She is survived by three children: J. G. and J. M. Bean and Miss Louise A. Bean, all of Uniontown.

NEW DRY BILL

Passes the Senate Without Debate Or Opposition; Goes to House.

WASHINGTON, Oct. 9.—The bill for enforcement of war-time and constitutional prohibition, as agreed to in conference, was adopted yesterday by the Senate viva voce and without discussion. It now goes to the House for final action. Absence of debate occasioned much surprise.

Quick action on the conference report in the House is expected. As soon as the House acts the measure will go to the President and the section enforcing war-time prohibition will become effective when he signs it.

Any beverage containing more than one-half of one per cent of alcohol is defined as intoxicating under the law.

GLYCERINE MIXTURE SURPRISES CONNELLSVILLE

The quick action of simple glycerine, buckthorn, bark, etc., as mixed in Adler-i-ka, is surprising. One spoonful relieves any case of gas on stomach or sour stomach. Adler-i-ka acts on both upper and lower bowel and removes all foul accumulated matter which poisoned the stomach. Often cures constipation. Prevents appendicitis. One lady reports she has no more pain in back of head or gas on stomach since using Adler-i-ka. A. A. Clarke.—Adv.

WILL CONTINUE BUSINESS.

Widow and Son of Late J. L. Stader Are to Be in Charge.

Mrs. J. L. Stader and her son, Francis J. Stader, will continue the undertaking business of the late Mr. Stader, it was announced today.

The young Mr. Stader, who was associated with his father in the business, will be in personal charge. He is a graduate of the Eckles School of Embalming, Philadelphia, having finished his course in 1912.

Three Murders Reported.

GREENSBURG, Oct. 9.—Coroner James Harkins has completed his report for the month of September which follows: Number of cases reported to him, 40; number of inquests, 17; white males, 27; white females, 11; black males, 1; black females, 1; deaths in mines, 6; on railroads, 4; automobiles, 4; suicides, 4; homicides, 3; one from each of the following causes; morphineism, meningitis, drowning, cholera infantum, angoria pectoris, paralysis, burns, falling from haymow and falling from tree.

AGED DUNBAR WOMAN, WALKING ON TRACK, IS KILLED BY TRAIN

Mrs. Mary Belle Brown, Returning Home From Store, Fails to Hear Approach of Passenger.

Walking along the Pennsylvania track at Dunbar yesterday afternoon at 2:45 o'clock, facing the afternoon northbound pasenger train which, apparently, she did not hear approaching, Mrs. Mary Belle Brown, 60 years old, was struck and instantly killed, her body being hurled into the ditch along the road, badly mutilated. The accident happened on the curve at McGee's crossing.

As the engine bore down upon her, the aged woman apparently saw it and made a feeble effort to save herself but was not quick enough. The engineer had not time to materially check the speed of the train. The body was taken to the Burhans undertaking establishment.

Mrs. Brown, whose home was on Church hill, Dunbar, had been to a store downtown and was returning home when she met death. She was a widow, her husband having died a number of years ago. She is survived by a son, Jesse Brown, at South Connellsville; a brother, James Woody, at Wheeler, and a sister, Mrs. Aaron Pitteraft, who lives along the pike east of Connellsville, in Springfield township.

Publish False Story.

COBLENZ, Oct. 9.—German newspapers have given publicity to a false story that American soldiers at Coblenz had mutinied on account of a reduction of pay. At American military headquarters here it is said the story, which was also sent out by the German Wireless News Service to neutral countries, is without foundation. The story is considered as propaganda to create a feeling of unrest among the troops.

Mint Jell

Try Mint Jiffy-Jell with roast lamb or cold meats. It is vastly better than mint sauce. Try Jiffy-Jell desserts with their real fruit flavors in essence form, in vials. Each is so rich in condensed fruit juice that it makes a real fruit dainty. Yet they cost no more than old-style gelatine desserts.

STANDARD SUPERINTENDENT GIVES DINNER TO TEAM THAT WON NATIONAL FIRST AID MEET

Men Who Put Mount Pleasant and Frick Plant on Map Honored.

THEY GET MANY AWARDS

Special to The Courier.

MOUNT PLEASANT, Oct. 9—Superintendent James S. Mack of the Standard plant of the H. C. Frick Coke company, as a personal tribute to his first aid men who won first prize at the Fourth National First Aid Contest, conducted by the Bureau of Mines at Forbes Field, Pittsburg, tendered the members of the team a dinner at his North Diamond street home last evening. Along with the team, Captain C. J. Spence; patient, William Gesky, Richard Reese, Milton Anderson, Alvy ("Rube") Shaw and Oscar Armstrong, were Captain John L. Burkholder, the physician who instructed them in first aid, and Clay F. Lynch, general superintendent of the H. C. Frick company.

Standard took first prize from 88 first aid teams and 19 rescue teams. Five hundred and twenty-eight men were entered from almost every state in the Union, and the local boys walked away with the following prizes: First prize, a cup, given by coal industry, to be retained by the team; a cup given by Coal Age, that must be contested for and won three times before it is retained; watch fobs, by Bureau of Mines; a gold medal, by the National Safety Council; first aid kit and bronze medals, from the American Red Cross, and gold pen knives from the state of Pennsylvania.

In the contest of resuscitation, Standard won second prize. This earned Captain C. J. Spence a camera.

This puts Standard and Mount Pleasant on the map in the mining world as it has not been for years.

Each team had five events in the first aid contest. All problems were full team events and two minutes were given between each problem to ask questions of the judges concerning the events.

Can Get Buttons.

Discharged soldiers who did not get their Victory buttons can do so by leaving their discharge certificates at the East End Pharmacy. R. B. Dysart, war service secretary, will take these to the recruiting station in Pittsburg and get the buttons on Tuesday, October 14.

To Conduct Communion.

Dr. Herman, of the Theological Seminary at Lancaster, will conduct communion service in the First Reformed church at Mount Pleasant on Sunday morning at 11 o'clock.

Pile Sufferers! Clever Ohio Chemist Says This Great Prescription Taken Internally Has Never Failed

Even chronic cases of 20 to 30 years standing, with profuse bleeding, have been completely cured in from three to ten days.

No discovery of recent years in the field of medicine has caused such a stir amongst the medical profession as the recent discovery that piles can be successfully treated and cured at home by a wonderful prescription known to druggists as Miro Pile Remedy.

It has been proved that so called external remedies applied or inserted into the rectum cannot cure piles and at the best only give temporary relief. This is also true of surgical operations which simply remove them after formation, but in no wise acts on the source of the trouble.

This prescription, although taken internally, is not digested in the stomach, but is rapidly passed on unchanged to the intestines in a short time, reaching the exact place where by its soothing, healing action, it first allays all inflammation and then by direct contact with all ulcers and piles, causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days at most, even in cases with profuse bleeding that have resisted all known treatments and operation, really wonderful results have been accomplished.

The author of this amazing discovery desires all sufferers to know that he does not want a cent of anyone's money unless Miro Pile Remedy decisively conquers even in the worst cases and he has instructed the Connellsville Drug Co., and druggists all over the country to guarantee it in every case of blind, bleeding or protruding piles.

IMPORTANT—What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription.—Adv.

SALTS IF BACKACHY AND KIDNEYS HURT

Stop Eating Meat for a While if Your Bladder is Troubling You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.—Adv.

Perryopolis.

PERRYOPOLIS, Oct. 8—Mrs. Alva Blair has arranged the following rally day program for Sunday at the M. E. church: Opening exercises; Sunday school; song, by Sunday school; report of secretary; vocal solo, "Guide Me, O Thou Great Jehova," Mary Elizabeth Gilpin; pageant, "The Youth and the New Day"; vocal solo, "How Lovely Are Thy Dwellings," Miss Ethel M. Moses, accompanied by Martha Carson; five-minute talks by Rev. S. W. Bryan and Superintendent Strawn Forsythe; song, by school.

H. D. Blair, Howard Stickel, Clarence Carson and Oscar Herwick attended the ball game at Republic Sunday.

Miss Jane Wood and Mrs. C. F. Chalfant were notified Monday night of the death of their grandfather, Redding Bunting, at Dunbar.

Mrs. Stewart, Miss Dessa Hall and William Carson and family were calling on friends in Star Junction Monday evening.

J. R. Martin and family motored to Allison Sunday.

William Carson and family moved to their new home on the Quaker church road Tuesday.

Rev. S. W. Bryan has been chosen by the M. E. conference to come to Perry for another year. Rev. Bryan is well liked here and it was a pleasure to town folks when they learned of his re-appointment.

Cecil Enlow, son of Rev. Enlow, a former pastor of the M. E. church here, was calling on local friends while on his way to Pittsburg, where he will accept the secretaryship of a railroad brotherhood.

Mr. and Mrs. Bente Luce will entertain the New Democracy club on Thursday evening.

Mrs. Duncan McGlashan, Mrs. Paul Clawshare, Miss Nellie Venners and Miss Margaret Patton of Monessen were calling on their classmates, Miss Mary Gilpin and Miss Pauline Baldwin, Sunday evening.

The MacMillan company, educational publishers of New York and London, made J. Buell Snyder, Pittsburg manager, a present of a Ford car for his increase in business last year.

H. J. Hixenbaugh and family returned home Tuesday.

They Get Action at Once.

Foley Kidney Pills invigorate, strengthen and heal inactive, weak and diseased kidneys and bladder. Mrs. C. J. Ellis, 505 8th Ave., Sioux Falls, S. D., writes: "I suffered with kidney trouble; used to have severe pains across my back and felt miserable and all tired out, but after taking Foley Kidney Pills I am well. I have not been bothered with kidney trouble since." They relieve headache, rheumatic pains, swollen or stiff joins, puffiness under the eyes, floating specks. Sold everywhere.—Adv.

To Get More Buttons.

W. H. May, demobilization secretary for the Y. M. C. A., will go to Pittsburg tomorrow to secure more Victory buttons for service men.

HOWARD'S BUTTERMILK CREAM

APPROPRIATION FOR COLLECTION OF COAL AND COKE STATISTICS

By the United States Geological Survey Is Being Urged Upon Congress by Secretary Lane.

Congress has been asked to appropriate $40,000 for the use of the United States Geological Survey in gathering data on coal and coke production, including a special inventory of the stocks of coal on hand and the requirements for the winter of 1919-20. The request for the funds is contained in a letter by Secretary of the Treasury Glass addressed to the president of the Senate transmitting a communication from Secretary of the Interior Lane on the subject. This is the item stricken from the Sundry Civil Bill last summer. It provides funds for obtaining statistics, including the work of compiling the weekly coal production report.

Secretary Lane in his letter points out that he had been urged by Senator Frelinghuysen, chairman of the Senate Interstate Commerce sub-committee which is conducting hearings into the coal situation, to again ask for the appropriation and declares shown "the authorization of a special canvass of the country's fuel requirements to be a matter of real exigency."

The item which has been recommended for inclusion in the General Deficiency Appropriation Bill, now pending in the Senate provides that the sum of $40,000 be appropriated for the "collection of coal and coke production, distribution and consumption statistics; for the collection, by the United States Geological Survey, of additional statistics of coal and coke production, distribution, and consumption, including a special inventory of present stocks of coal and requirements for the winter of 1919-20."

Smithfield.

SMITHFIELD, Oct. 8—Charles E. Jones, manager of the Rich Hill Coal company, was a borough business visitor on Saturday.

G. A. Feather is rapidly recovering from an operation undergone at the Mercy hospital, Pittsburg, two weeks ago. He expects to return home in a few days.

Mr. and Mrs. J. A. Rankin and Mr. and Mrs. A. C. Kiger visited James Wise and family near Farmington on Sunday.

Mr. and Mrs. C. O. Bosley were Uniontown business visitors Monday.

John B. Everett, B. & O. engineer, has purchased a Dodge touring car from a Pittsburg dealer.

B. & O. Police Officer Kohut of Connellsville was transacting business here Saturday.

A Message to Mothers

YOU know the real human doctors right around in your neighborhood: the doctors made of flesh and blood just like you: the doctors with souls and hearts: those men who are responding to your call in the dead of night as readily as in the broad daylight; they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children.

Fletcher's Castoria is nothing new. We are not asking you to try an experiment. We just want to impress upon you the importance of buying Fletcher's.

Your physician will tell you this, as he knows there are a number of imitations on the market, and he is particularly interested in the welfare of your baby.

Genuine Castoria always bears the signature of Chas. H. Fletcher.

THURSDAY EVENING, OCT. 9, 1919

NEED OF AMERICANIZATION.

The one big fact which has thus far been brought out with distinctness by the Senatorial investigation of the steel strike is the very urgent need for the early adoption of a systematic and effective plan of Americanization In the evidence which has been laid before the committee by both parties in the steel strike it has been shown that a large percentage of the workers engaged in the steel industry have a very imperfect knowledge, and in many cases none at all of the English language Under such conditions it is plainly evident there cannot be a proper understanding by such workers of American principles or methods in government

In the recent so-called vote of steel workers on the strike issue, preparatory to the demands made upon the steel producers the ballot used was printed in six different languages Representatives of the steel interests before the investigating committee have testified that it is necessary to print instructions and notices for the the workmen in as many languages Those and other facts have so impressed the members of the investigating committee with the great need of the hour with respect to a more intimate knowledge among industrial workers of the English language and the fundamentals of our system of government that a feature of the report of the investigation will certain to be in the nature of an urgent recommendation that immediate steps be taken to provide for a comprehensive plan of Americanization

That the foreign element has been identified with practically all of the industrial disturbances which have recently taken place and has shown a willingness to assist in the exploitation of the dangerous theories and practices which have been prevalent in Europe makes it imperative that something be done in order that they may form a better conception of our form of government and of their duties, rights and privileges under it As the first step in that direction they must have a knowledge of the language of the country

There is already a bill before Congress which provides for federal action toward a scheme of Americanization If it comprehensively covers the subject there ought to be no delay in enacting it into a law, as will very probably be done as one of the results of the strike investigation

NOT TOO LARGE.

Is raising half a million dollars for the building and equipment and endowment of a general hospital too large an undertaking for the territory such an institution would serve?

Viewed in the light of things achieved by what has been termed the Connellsville District, which includes the immediately adjacent townships their towns and villages, and the boroughs of South Connellsville, Dunbar Dawson Vanderbilt, Everson and Ohiopyle, this sum is not large neither should the raising of it be difficult

During the war the Connellsville District was called upon to raise for Liberty Bonds the Red Cross and the Fayette County War Chest, a total of $4 660,350 The response was subscriptions totalling $6 552 000 or 40 per cent in excess of the combined quotas For the Red Cris we gave $143 000, the War Chest $83 140, or a total of $226 140 In addition we contributed to the Knights of Columbus the Y. M. C. A., the Navy League, the relief of Jewish and Armenian war sufferers, and other purposes incidental to the war in amounts which have not been compiled but sufficient, perhaps, to make our aggregate giving not less than $300,000.

Our bond purchases on the First Liberty Loan were $675 000 or $175 000 more than the amount necessary to provide the memorial hospital On the Second Liberty loan we added approximately 50 per cent to our first purchases the subscription having been $976 000, or nearly double the hospital quota On the Third Liberty loan we added 50 per cent to the amount of the Second making that total $1 411 750 or almost three times the estimated cost of the hospital A further gain was made in the Fourth Liberty loan when the subscriptions reached the maximum of $1 891 100 or only $108 000 less than four times the cost of the hospital With a smaller quota on the Victory loan we almost equalled our subscriptions on the Third the total having been $1 371 700 Our bond purchases having aggregated $6 26 450 and our war benevolences $300 000 the sum of all our contributions during the war became $6 626,450 or more than 13 times greater than the amount required for the hospital

Keeping these facts in mind and considering the spirit by which the people of the Connellsville district have become animated, it goes without saying that they can and will raise $500,000 for a hospital, or more if needed They can raise that amount by donating only about eight per cent of their Liberty Bonds without the necessity of having to pay a single dollar in cash and have remaining $1 500 000 more bonds than the Central Liberty Committee asked them to buy But there will perhaps be little disposition to apply Liberty Bonds in this way, the desire of most persons being to hold onto these securities Neither will there be need to do so, the measure of prosperity that has come to the district making it easier for the people to match in peace time the generosity they displayed in war time when they gave outright in cash at least three fifths as much as has been fixed as the quota to be raised for the hospital

Moreover the pride of the district will be put to a test and here will be few indeed who will not be willing to meet it We have done some big things—bigger than the establishment and endowment of the memorial hospital will be—but none that will more creditably reflect upon the honor, good name and proven generosity of our people That will be an achievement so worthwhile that, in regarding our work when it shall have been finished we shall count ourselves happy to have had the opportunity of making it possible

So the raising of half a million dollars for the building and equipment and endowment of a general hospital as the Connellsville district's tribute to its soldiers living and dead, who shook the inhuman giant from Civilization's throat is not too large an undertaking for the district such an institution will serve It won't even be hard to raise when the bunch of putters across get behind the movement.

The somewhat frantic appeal of Director of the Census Rogers urging public spirited and energetic people throughout the country to volunteer for census taking jobs suggests the alarming impossibility that there can be 80 000 deserving Democrats who are as yet unprovided with soft snaps

"Tell the Workers"

From Harrisburg Telegraph

Boyd Cable a famous English writer in considering a way out of the labor crisis under the heading Tell the Workers' points out from his own experience as a worker and a soldier the importance of being frank with those who are responsible for production in any industry He declares "there is always plenty that could with advantage be told the workers plenty of ways of arousing their interest getting them to feel that they belong to the business, just as much as the manager or heads His theory is that all they want is an interest in their work, in the ultimate use of their production a knowledge of what they are working for or seeing or hearing about the result of their labor"

"Ask any of the firms that were building racing cars before the war" said he "and they will tell you that labor troubles washed out when it was a case of getting a car built or tuned up for a race It meant seeing the objective

During the war Mr Cable lectured before thousands of English workers and found they always wanted to know what were their particular productions doing in the field Their pride in any special achievement of their production was something wonderful An hour's talk on the subject sent them back to their work with greater heart, with a new interest with a fresh zest They knew the results of their labor he adds and had gained a satisfaction and pleasure in their achievements they had not known before

It is the opinion of this remarkable man—who has served in South Africa as a scout, as a teamster and tramp in Australia as a farmhand in New Zealand as business manager and partner in commercial work, and who has sailed before the mast and been trimmer, fireman and greaser on steamships and who was commissioned as a soldier at the outbreak of the big war—that there is no trade or manufacture about which there is no interesting story to be told As an inspiration to team work which always wins he says "it is absolutely necessary that the team should know what and where the goal is, that the workers should know what they are being paid for and that the interests of the firm are their interests"

Boyd Cable firmly believes that many employers are making the mistake of thinking that the workers are supporters of all the "revolutionary ideas so loudly proclaimed by the agitator class and are equally full of class hatred" He insists that this is quite wrong that there are many of the workers who have perfectly sane and sound ideas on these subjects who are just as unwilling to stir up trouble to go on strike and to bring chaos on industry as many employers could wish Given satisfactory talks and plain truths with which to reply to the agitator this writer believes the average worker will be ready enough to use them It is further the opinion of Mr Cable that workers alone cannot be blamed for falling under the spell of the evil propaganda He holds that a large share of the blame is on the employers who fail to counteract it with good propaganda

In this period of industrial unrest and discontent growing out of the war react on it will not be forgotten as was recently suggested by a competent investigation of conditions throughout the West, that the American people are fair and if the facts are presented to them there can be no doubt of the result That is the crux of the whole matter We must keep our feet on the ground and avoid distortion of the facts to the end that the people may reach fair conclusions and be just in their judgments

This good old country the home of liberty and opportunity is not going to be wrecked so long as so many millions of our people are at heart right and disposed to be fair.

REAL VICTORY.

He has not failed who keeps his record true
Though greater skill does more than he can do
He has not failed who fights in honor's way
Though greater strength defeats him in the fray
If victory were all life asks, then joy
Would crown the man who beats a little boy

When strong men crush the weak it is not fair
They conquer but they do it to their shame
Who fights a good fight for the truth he knows
And dares to brave and fall before fate's blows
Goes down a braver bigger man than he
Who never risks defeat for victory

He has not failed whose soul has ventured much
Although his hands the prize may never touch
High hopes are worthy and though men condemn
Great are the lives of those who die for them
Better it is to fight for truth and fall
Than fearing failure never fight at all

The Meat Markets of the Union Supply Co.

have at all times the choicest lines of fresh meats, smoked and salt meats, sausages, etc, in fact everything that is carried in a first class meat shop All of these markets are run on the same basis We are large purchasers of all the different lines of goods, which enables us to quote you the very lowest prices and to provide the very best quality. At the present time fresh beef is selling at lower prices than almost any other article which enters into the cost of living. While other goods are selling at high prices, beef is selling almost on the same basis as before the war. A comparison of our prices will convince you of the truth of this statement. These prices are almost as low as the prices in 1914, and lower than any opposition. We are selling large quantities of butter, eggs, lard and cheese. We are able to buy these goods in large quantities and are in turn able to quote very low prices The very best quality of fresh, smoked and salt meats, sausages, and other meat products are handled. A large variety is always in stock.

NW PASTOR OF BAPTIST CHURCH WELCOMED TO TOWN

Reception Tendered Rev. C. C. Rich and Wife by Congregation and Ministers.

CHARITY CARD PARTY SUCCESS

Jewish Relief Workers Hold Successful Affair in Elks' Club Rooms; Boys of Y. M. C. A. Plan Chestnut Hunt; Literary Society Holds Meeting.

Special to The Courier.

SCOTTDALE, Oct. 9.—On Tuesday evening a reception was held in the First Baptist church for their new pastor, the Rev. C. C. Rich who recently moved here from Scranton. An interesting program was carried out as follows: Organ solo, Mr. Fuller; prayer, Rev. J. E. Hutchinson of the Presbyterian church; welcome from the church, Robert Skemp; welcome from the Young People's societies, Miss Ethel Kremer; solo Miss Lorna Attwood; quartett, Ralph Sherrick, Harold Attwood, Lorna Attwood and Mrs. Don Baker; welcome from the Ministeria association, Rev. N. L. Brown of the Methodist Episcopal church; solo, Ralph Sherrick; solo, Mabel Zorn; welcome from the Monongahela Baptist association, Dr. J. L. Bromley of Uniontown; welcome from the foreign missionary society, Rev. Mr. Altanese; Rev. Rich responded and the program ended with a song by the quartett. Following the program, refreshments were served and a very pleasant social time followed, at which time the reception committee made up of Mrs. J. P. K. Miller, Robert Skemp, John Sayres and Mrs. W. W. Eicher, made an effort to see that each of the 250 persons present met Rev. Mr. Rich. On the receiving line with this committee were Mr. and Mrs. Thompson and Mrs. Long of Scranton, the former home of the Rich family. Guests were present from Mt. Pleasant, Uniontown and Scottdale.

Chestnut Hike.

The Juniors and Cadets of the Y. M. C. A. will meet at the Y. M. C. A. Saturday at 9 A. M. for a chestnut hike. Bring your lunch with you, including weiners. Each Junior and Cadet has the privelege of bringing a boy friend with him. The party will be conducted by Physical Director W. J. Vance and R. B. Dysart.

Card Party a Success.

The card party and reception held in the Elks' Club rooms on Tuesday afternoon by the local Jewish ladies, was a decided success. Guests were present from Pittsburg, Connellsville, Uniontown, Mt. Pleasant, Greensburg and Scottdale. On the committee was Mrs. Ben Miller, Mrs. Max Miller, Mrs. Charles Morris, Mrs. Lee Goldenson, Mrs. K. Wenner, Mrs. Abe Fink, Mrs. L. Morris and Mrs. William Bendiner. An excellent musical program under the direction of Miss Estelle Miller was rendered. The following persons took part in it, Miss Sadie Cohen, Uniontown; Miss Rosella Kahn, Coraopolis; Misses Lorna Attwood, Lucille Glenn, Estelle Miller and Mrs. Leo Skemp, Scottdale. Refreshments were served.

Standard Bearers to Meet.

The Standard Bearers of the Methodist Episcopal church whose name has been changed to the Jubilee Circle will meet Friday evening at 8 o'clock with Mrs. J. F. Strickler.

Missionary Meeting.

The Home Missionary Society of the Methodist Episcopal church will hold its regular monthly meeting in the church this evening. This is the annual dues meeting and it is hoped for a large attendance.

Keister Literary Society.

The third regular meeting of the Keister Literary Society was held on Monday afternoon, October 6, 1919 in study hall. President Edward Griffith, was in the chair. The minutes of the previous meeting were read and approved. The roll was then called and responded to by quotations. After hearing the report of the program committee for the next meeting, the following program was rendered and enjoyed by all:

Music ..... Society
Reading, "Stringy Distributes Frogs" ..... Kenneth Porter
Composition, "The Curse of Stavoren" ..... Mildred Kesler
Composition, "A Hike" ..... Olive Small
Victrola ..... Robert Barkell
Recitation ..... Bernice Brown
Two minute impromptus.
"My Last Cooking Lesson" ..... Anna Ehrenworth
"The Best Book I Read Last Summer" ..... William Albig
"The Best Time I Had During Vacation" ..... Edward Torrance
Society Paper ..... James Kunkle

After suggestions and criticisms by pupil, critic and teachers, the meeting adjourned, on motion of Vernon Coffman, to meet in two weeks, or on October 20, 1919.

Notes.

Mrs. Charles Kesecker of Washington, D. C., is here visiting her brother P. G. Lutman. It is 18 years since Mrs. Kesecker lived in this town and she sees quite a change.

Mrs. Abe Rienour of Prittstown spent the day in Scottdale with Mr. and Mrs. P. G. Lutman.

Misses Cecelia and Bess Read spent yesterday in Pittsburg.

Mrs. A. W. Strickler is at Perryopolis, visiting friends.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup and whooping cough. From a small beginning its sale and use has extended to all parts of the United States and to many foreign countries. This alone is enough to convince one that it is a medicine of more than ordinary merit. Give it a trial and you will find this to be the case.—Adv.

$1.19

The best Fall and Winter styles in Voile Waists, all sizes, special at $1.19.

CICOTTE AT LAST IS WINNER; CINCY IS BEATEN 4 TO 1

Sox Pitcher, After Losing Two First Series Attempts, Stages Real Comeback.

CHICAGO NOW CONTENDER

Dejected American Leaguers After Two Wins Jubilant at Manner in Which They Snatched Championship From Reds When It Seemed Cinched

By Associated Press.

CINCINNATI, Oct. 8—Winning today's game against Cincinnati, 4-1, the recently dejected and all but hopeless White Sox of Chicago now consider themselves real contenders for the world's baseball championship.

The series now stands four games for Cincinnati and three for the American league leaders. Tomorrow, weather permitting, they play in Chicago. The athletes of the pallid hose took the train tonight jubilant at the manner in which they have snatched a chance of victory from what seemed certain defeat and were determined that the eighth contest played on their own familiar real estate and cheered by their loyal following will see the series tied up.

The serio-comic affair of yesterday was succeeded today by real baseball. The visitors earned two of their tallies by conscientious workmanship and this was enough to win, while the other two counts came partly by grace of Red errors. Four misdeeds were charged against Garry Herrmann's athletes and but one against Comiskey's.

Cincinnati trotted out pinch hitters and pinch runners in a desperate effort to come up from behind as the Sox did yesterday, but all to no avail The Reds used three pitchers—Sallee, Fisher and Luque and at other pitcher, Ruether, appeared as an emergency batter. Despite the array of hurlers, the Sox accumulated 10 hits while the National leaguers were able to pole out but seven.

Eddie Cicotte, who was driven from the box in the first game of the series and lost the second game because his teammates couldn't hit anything, came into his own in this afternoon's attraction. He exhibited control, speed and judgment and his comrades played with a confidence properly tempered and qualified by recent severe lessons and a dash that reminded their clientele of their best mid-season form.

The narrowing of Cincinnati's margin of victories caused serious consideration of the possibility of a ninth game. Cincinnati won the toss taken immediately after today's engagement and the deciding contest, if Chicago evens things up tomorrow, will be played here Friday.

President John A. Heydler of the National league tossed the coin and Mr. Herrmann guessed it would be tails, and tails it was.

For the first time in the series, many seats were vacant, due, it was said, to the general belief that seats would be difficult to obtain. Everybody expected that everybody would be ahead of them and the result was many vacancies in the bleachers and little unpopulated places even in the grandstand.

A stiff wind was blowing from center across the place during the struggle. When the Sox came on the field, the band which on the Red ground always has some little musical sarcasm at hand, played "She May Have Seen Better Days" and "Please Go Way and Let Me Sleep." This did not impair the buoyancy ofthe slandered athletes, who retaliated without delay by putting a run over in the first inning. It was John Collins, the first batter up, who made the count. He singled to center and went to second on a sacrifice by Captain Eddie Collins. Weaver slammed the ball against the wind for an out to center and went to sec for an out to center, but Joe Jackson, who was desperate at having found no lucky omens in the way of hairpins, singled to left, scoring Collins. "Happy" Felsch also delivered a bingle on which Jackson took second, but Felsch was forced at second by Gandil's bounder.

In their half the home team took heart when Eddie Collins juggled Rath's sizzling grounder. The crowd, which was less vociferous than usual, yelled for the aviator to come and meet the Sox going up, but it was a vain prayer, for Collins redeemed himself by going way back and taking Daubert's fly. The mighty Groh struck out and Roush hit to Collins, who threw to Weaver, forcing Rath.

In the second the Sox were bowled over in short order without getting a man to first. The Reds did a little better, for after Duncan had flied out to center. Kopf singled, but was caught stealing on Schalk's perfect throw. Neale fouled out to Weaver. It was not until the fifth inning that Cincinnati, by virtue of a single and a base on balls, got a man safely to second.

In the third, J. Collins, who played center for Felsch while Felsch went to right, where the sun is not so troublesome, was the first man up. He delivered his second single as if he were playing billiards. The ball slapped off Sallee's mitt, carooned off Kopf, and finally got to Rath, too belated for a play at first. Eddie Collins, who was unable to deliver a hit in similar circumstances in the first, now hit sharply to center, sending his namesake to second. Weaver sent a grounder to Kopf, who threw it to Rath for a force out of Eddie Collins. Rath claimed that the runner interfered with his throw to first for a double and Weaver was called out for the interference. J Collins meanwhile had reached third and scored on Jackson's hit.

In the fourth Schalk sandwiched a hit between the out but never got farther than first. In the fifth the Sox registered their final trace of tallies. Sam Sallee in this round was driven from the box and the remaining thirds of the inning was pitched by Fisher.

J. Collins started in inauspiciously by flying out to right. Captain Collins again singled. Weaver rolled one to Groh, who let it get through his legs, and Weaver reached first and Collins second Groh's error and that which followed by Rath were costly. Jackson drove a bounder to the Red second baseman, who made a fumble of it, and the bases were filled. In this exciting crisis, Felsch, who is frequently called upon to sacrifice, was ordered to hit. He singled to center and Eddie Collins and Weaver scored. Gandil relieved the strain on the Reds by going out, Fisher to Daubert.

In their half of this round Cincinnati contrived to get a man to second for the first time. Kopf, the first man at the plate, flied out to Jackson. Neale singled and walked to second when Wingo was was given a pass. Wingo became quite a pedestrian during the contest, as he was given free passage three times and he attained a batting average of 1.000 by delivering a hit in the ninth. Confronted for the first time with men on first and second, Cicotte tightened. Ruether made a brief appearance as a pinch hitter for Fisher and fouled out to Weaver. Rath shot a grounder at Weaver and was thrown out at first.

The sixth inning produced the one lone tally accumulated by the Reds. Daubert struck out, but Groh, smarting in self-accusation because of his recent record of errors, whaled the ball over the temporary fence in left, but because of ground rules that which would have been a triple or a homer went for a double. Cicotte threw Roush out at first, Groh going to third. Duncan singled and Groh scored. Duncan was forced at second In their half of this round J. Collins doubled after two were down but the Cuban, Luque, now pitching for Cincinnati, struck out Captain Collins and the chance went glimmering. The Cuban in the seventh fanned Weaver and Felsch and Jackson died on an infield smash.

In the eighth and ninth the Cuban pitched splendid ball, striking out Cicotte and retiring the batsmen one two, three, with little apparent effort

Cicotte was not menaced again until the ninth. Kopf and Neale had been retired on flies when Wingo singled to right. Sherwood Magee batted for Luque and also singled If Ruth, the next batter, could have pulled a home run, it would have tied the score, but his attempt in this line went no further than Felsch's mitt.

It was not until the crowd had worked its way from the ground back to town that it was learned how small the attendance really was, namely 13,-923, which is less than half the average attendance at previous games here and 20,000 under the Chicago average.

Hits—Off Sallee, 1 in 4 2-3 innings; off Fisher, none in 1 2-3 innings; off Luque, 1 in 3 innings. Struck out—By Cicotte, 4; by Fisher, 1; by Luque, 5. Losing pitcher, Sallee. Time—1:47. Umpires—Quigley behind plate; Nallin at first; Rigler at second; Evans at third.

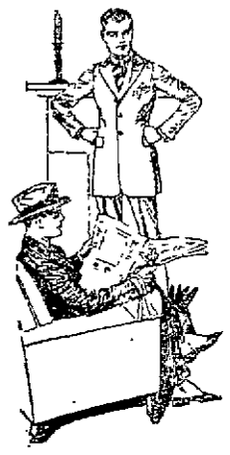
Lignite in Australia.

The lignite deposits of Victoria, Australia, are said to be the thickest beds of this fuel in the world. At Morwell, 780 feet of this coal has been passed through in a bore of 1,010 feet.

KIRSCHBAUM CLOTHES

FOR STYLE! FOR QUALITY! FOR VALUE!

Do You Know Good Clothes Are Scarce?



Men of the United States this Fall will not be able to find enough clothes—*good* clothes—to go 'round. Reliable woolens are too scarce. Skilled tailors too few. Production is far behind demand—will be for months to come. In such a situation is it likely every clothes maker will be "fussy" on the subject of quality? When he can turn out his product about as he pleases and still find a ready market for it, is it *likely?*

Perhaps you have never before inquired about the origin of your clothes—never before thought it necessary. Well, today it is the most necessary step in buying a suit of clothes—to find out about the house which made it. Is it a house which aims to make clothes *better*—or merely to make them *faster?* Is it a house with the moral courage to shut its eyes to unfilled orders, but to keep them wide open in maintaining standards? Is it a house with a long, clear, steady record for quality? Is it a house you can *trust?*

Morning after morning a million men praise it —

IN over a million homes women have solved their coffee problem. They have overcome one of the difficult problems which face housekeeping women today, of knowing how to provide good food for their families, without paying too high a price.

By serving Arbuckles', these million women get coffee which is always fresh, always fine and full-flavored.

Arbuckles' Coffee is selected, roasted and put up by Arbuckle Brothers, the greatest coffee merchants in the world. They know coffee and, better than any one else, can give you good coffee at a reasonable price. Their skill in selecting, preparing and roasting gives you a coffee of wonderful flavor, body and aroma.

Arbuckles' Coffee is put up in sealed, dust-proof packages carefully wrapped to protect it from moi store odors. It comes to yo full strength and all of its wondertul flavor.

Everyone likes Arbuckles' Coffee the moment it is tasted.

Morning after morning in a million homes it helps to make breakfast a complete success.

You, too, can have your husband say, "The finest cup of coffee I ever tasted!" Isn't that satisfaction worth a little time and effort—wouldn't it be worth while to make a special trip to the grocery store for a package of that delicious, fine-flavored coffee a million other men are enjoying?

In all of the stores below you can get Arbuckles' Coffee, either bean or ground. Get a package today from the grocer nearest you and have it for breakfast tomorrow. Hear your husband praise it!

CASUALTY TOTALS ARE CALLED FINAL

LIST BROUGHT HOME BY GENERAL PERSHING HAS BEEN REVISED MANY TIMES.

THE DEATHS NUMBER 77,476

Nearly All Those Who Gave Up Their Lives Are Buried in France—Splendid Showing Made by the Medical Branch.

BY JAMES P. HORNADAY.

Washington.—Gen. John J. Pershing brought home with him from France casualty totals which represent the final researches of the thousands of men employed in the work of investigating the casualty lists. Additional casualty lists will be made public from time to time as long as there are American soldiers in Europe or in Asia, and until peace is formally declared they will be credited to the great war. The totals that are now available may be regarded as final, so far as actual participation of the American troops in the war are concerned.

According to the figures which General Pershing brought back with him 77,476 soldiers of the United States have been buried in foreign lands since the United States entered the war. More than 56,000 of these men are buried in France. The others have found resting places in Siberia, in England, in Italy and in Germany.

Of the 77,476 men of the expeditionary forces who have not returned 34,575 were killed in action, 13,857 died from wounds received in action, 23,655 died of disease, and 5,289 died from accident. It has been the history of nearly all wars that the toll of disease was greater than the toll of battle, but it will be observed that so far as the expeditionary forces were concerned the number killed in battle exceeded by nearly 11,000 the number who died from disease. If the number killed in action be consolidated with the number who died from wounds, the toll in battle is twice as great as the toll of disease.

Credit to the Medical Branch.

In this connection it may be remarked that General Pershing since he returned to this country has given unstinted credit to the medical branch of the army for the work it did throughout the war. The American expeditionary forces, official comparisons show, were the healthiest army that ever went forth to represent a country. It is a notable fact, too, so army officers say, that the health of the expeditionary forces improved as time went on. If the forces had not suffered from the epidemic which prevailed a year ago the record for healthfulness would have been even more remarkable that it is, assert officers.

The longest casualty list that has been placed on file in the war department for preservation for all time contains the names of the men who were wounded in action, but who survived those wounds. On this list as it stands today are 214,421 names. This brings the total casualties of the expeditionary forces up to 291,897. The official reports show that nearly 86 per cent of the men wounded in action returned to duty.

During the period the expeditionary forces were actually engaged in hostilities the daily casualty lists contained the names of many men who were reported as missing in action. During some periods of the war this list of names reached up into the thousands. The bureau of searchers organized by General Pershing did its work so effectively that at this time there are on the rolls of the war department, out of the millions of men who entered the army for the emergency, the names of only two men who were listed as missing in action. The department has hope that even yet it may ascertain the fate of these men.

Bodies May Be Left There.

With the return of General Pershing and his staff to the United States the question as to what the government will ultimately do about the bodies of the 77,476 men who were buried abroad attracts more attention. It is not possible at this time to foreshadow the plan that will eventually be followed. About the time the armistice was signed the war department announced that bodies would not be brought home unless relatives insisted on it. Later on that announcement was modified slightly by a statement that the department hoped everybody concerned would be willing to acquiesce in a plan to leave the bodies of the heroes over there. So far as the war department is concerned the matter rests about there. Congress has from time to time indicated that it might legislate on the subject, that it might order the bodies brought home on request of relatives.

In the meantime the graves commission which General Pershing created has, according to the testimony of many Americans who have been over the ground, done splendid work in assembling the bodies of the soldiers into central cemeteries in France and the marking of graves. This commission will soon be ready to submit its final report. So thorough has it done its work that the burying places of nearly every American soldier is of record and his grave properly marked.

In the end, the probability is, the decision of the government with respect to the dead of the war will be governed by the wishes of the relatives of the men.

Forerunners of Sickness.

Medical authorities agree that indigestion and constipation are the forerunners of half the ills of mankind. Don't let a mass of partly digested decomposed food poison your whole system. When your food is being properly digested, you are free from biliousness, gas, bloating, sick headache, sour stomach, bad breath, coated tongue. Foley Cathartic Tablets, a wholesome physic, thoroughly cleanse the bowels without griping or nausea, sweeten the stomach and invigorate the liver. Sold Everywhere.—Adv.

Texas Wonder Pools Oil Company

WICHITA FALLS, TEXAS.

Capital $500,000---Divided Into 50,000 Shares of $10 Each---Fully Paid and Forever Non-Assessable

For the past six weeks WE HAVE ADVISED our friends, clients and the public to buy the stock of the Texas Wonder Pools Oil Company—while it could be obtained at PAR —$10.00 per share.

This is the SECOND WELL brought in by this company—and they have ONLY DRILLED TWO WELLS and are NOW drilling the third well—so it would APPEAR that they KNOW their business—and they most ASSUREDLY do—and they will KEEP ON DRILLING successful wells.

TODAY THEY ARE DOWN 500 FEET ON A WELL WHICH WILL PROBABLY BRING IN AT LEAST 2,000 MORE BARRELS DAILY—EXPECTED IN BY OCTOBER 20th.

The reasons why you can still buy this stock at par—$10.00 per share—are:

First—Because the pipe line connections are not yet completed—but will be shortly —and

Second—Because as all production goes for dividends—the unsold balance of the stock will be sold for drilling purposes.

It used to be cotton. It has been coal. Steel has held the throne. Railways exercised all the power, but finally and today, it is oil that is king.

Oil is real and genuine wealth.

The country is confronted with a shortage of coal, and for time out of mind we have heard of the exhaustion of the coal fields, but the oil pools would seem to be without limitation. Oil is unquestionably the future solution of the heat, light and power problem, that is, until the rays of the sun shall be more directly utilized than can be today.

The new oil wealth has been hard earned and is well merited, for it requires not only money, but initiative, courage and persistence to drill for oil, and the "dry hole" tells the same story as that of the skeleton on the desert.

And remember that this is not a ONE-WELL company. It will have a score or more of wells within a very reasonable time.

Another 2,000-Barrel Well Due Here This Month

DIVIDENDS

We plan to place the net proceeds from the sale of production into the dividend fund until dividends totaling 100% have been paid, after which we reserve the right to retain 25% of the net proceeds from the sale of production for the acquisition and development of additional properties and for the future development of our present holdings. In this way a permanent and growing company of consequence will be built.

CITY NATIONAL BANK
WICHITA FALLS, TEXAS.

July 18, 1919.

To Whom It May Concern:

Mr. Sam Sparks, Mr. Chas. E. Anderson, Jr., and Mr. W. R. Duke of this city are now organizing what looks to be a very large successful Oil Company. During the last year these gentlemen have been operating in the Burkburnett field and have indeed been very successful.

Mr. Sparks was at one time Treasurer of this State. Mr. Anderson has been in the Oil business for a number of years, and Mr. Duke has been identified with a number of successful companies. The combination, we think, is a good one.

The proposition that they now have is worthy of consideratin by the most busy men, and we have every reason to believe they have the ability and are financially able to handle any proposition that they would undertake. We predict a very bright future for the company they are now organizing.

Yours very truly,
R. E. SHEPPHERD,
Assistant Cashier.

Well Number One came in today and shot oil far over derrick three times before it could be brought under control. Driller estimates it good for at least two thousand barrels although drilled into sand only seventeen feet.

Rig now being moved and well Number two will be completed in three weeks. Push your sales before it is too late because price will be advanced within very few days.

David Hinshaw.

MANAGEMENT

Every man connected with our company has a specific part to play and is an expert in his line. The answer to any questions as to their qualifications and integrity will be found in the numerous bank letters contained in the Prospectus. Send for one.

Production Department will look after the drilling of wells and the marketing of oil, while a leasing department will look after the company's already valuable holdings and acquisition of additional desirable tracts.

JUDGE'S CHAMBERS, JUVENILE COURT, DENVER, COLO.
BEN B. LINDSEY, Judge.

July 22, 1919.

To Whom It May Concern:

It gives me special pleasure to give this personal letter of introduction to my friend, David Hinshaw.

I first became acquainted with Mr. Hinshaw through our mutual acquaintance with Colonel Roosevelt and the enthusiastic approval of Mr. Hinshaw and the high recommendation of him given me by ex-President Roosevelt, has been more than confirmed by my years of acquaintance and friendship with him.

Mr. Hinshaw is a young man of the very highest integrity. I was associated with him in some of the welfare work for the soldiers during the war and I found him an organizer and an executive officer of great ability. He is a man whose word can absolutely be relied upon. I consider any business or other organization fortunate in having the services of so able, efficient and trustworthy a man as David Hinshaw. He is absolutely all right in every sense of the word and this is the most I could say for any man of my acquaintance.

Very respectfully,
BEN B. LINDSEY.

Act Quickly, for Under These Terms the Stock Will Soon Be Taken Up

THE OFFICERS ARE:

SAM SPARKS, President.
Former State Treasurer of Texas. President Texas Trust Company. Austin, Texas.

CHAS. E. ANDERSON, JR., Vice President.
Successfully identified for years with oil contracting, operating and drilling in southwestern fields.

W. R. DUKE, Secretary-Treasurer.
Independent oil operator and successful pioneer in Burkburnett field.

DAVID HINSHAW, Vice President. Newspaper writer and welfare worker.

D. A. CUSTER, Vice President. Investment banker.

NOTE:—The business of and all contracts affecting the Texas Wonder Pools Oil Company is done and made subject to executed agreement and declaration of trust under date of July 15, 1919, on file with the Secretary. Liability limited to trust assets of the company.

By the time the pipe line connections are made, the SECOND well on Tract No. 1 will probably be in for at least 2,000 MORE barrels per day, and ALL the oil will be carried off Daily. For a short time, pending the completion of these pipe line connections, you may still BUY THE STOCK AT PAR—$10.00 per share. The gamble usually connected with an oil proposition is NOW entirely ELIMINATED from this one, and no proposition of equal merit has been presented to your attention for years. DO not let it slip past YOU.

Write for prospectus, giving full information and showing maps of property.

We recommend the immediate purchase of this stock.

Mrs. Greenwald's Letter

Centralia, Ill. — "I was run-down, could not eat or sleep, and my lungs pained me a good deal so I could hardly do my housework. Vinol built me up after all other medicines had failed so now I eat better, sleep better and feel better in every way. Vinol is certainly good for a run-down system." — MRS. S. E. GREENWALD.

Such letters prove how nervous, anaemic, run-down, overworked men, women and children increase their appetites, strength and endurance by taking Vinol. That is because it contains beef and cod liver peptones, iron and manganese peptonates — the greatest tonics known.

Your money back if it fails.

LAUGHREY DRUG CO. Vinol is sold in Dunbar by D. C. EASON, and druggists everywhere.

AROUND THE WORLD WITH THE AMERICAN RED CROSS.

Repatriating Prisoners.

When hostilities ceased there were in the hands of their Teuton captors millions of prisoners of war of all Allied countries, the terrible plight of whom is well known to all the world. Red Cross workers, carrying relief supplies of clothing, medicines and supplementary foodstuffs, penetrated the Central Powers as soon after the armistice as the military authorities would permit, and the work of getting the prisoners started back to their own countries was soon begun. In this photograph a group of these men are seen packed up and restored to something like normal health, awaiting the train that will carry them out of bondage.

CUTICURA HEALS ITCHING HAND

Had Scales. Awfully Red. Nearly Set Crazy. Awakened at Night.

"My hand started with a dreadful itching and scales would rise on it. My hand was awfully red and would get hot and crack open and bleed. It nearly set me crazy, and I was awakened at night.

"I saw about Cuticura Soap and Ointment so I thought I would try them, and three cakes of Soap and two boxes of Ointment healed me." (Signed) Miss Elizabeth Wolstenholme, 1830 Hanson St., Frankford, Philadelphia, Pa.

How to Have a Clear Skin

Having cleared your skin keep it clear by using Cuticura Soap and Ointment for every-day toilet purposes and Cuticura Talcum to powder and perfume. Bathe with Cuticura Soap and hot water, using plenty of soap, best applied with the hands which it softens wonderfully. If signs of pimples, redness or roughness are present touch lightly with Cuticura Ointment before bathing to soothe and heal.

Cuticura Talcum is an antiseptic, prophylactic, soothing dusting powder of delicate, fascinating fragrance. 25c. everywhere.

Indigestion, Biliousness, Constipation.

Chamberlain's Tablets have restored to health and happiness hundreds who were afflicted with indigestion, biliousness and constipation. If you are troubled in this way give them a trial. You are certain to be pleased for they will benefit you.—Adv.

LESSONS IN OPTOMETRY

By I. W. MYERS, Opt. D.

LESSON TWELVE

Is there a law governing the practice of Optometry in most states?

Yes, practically all the states now have Optometry laws.

How do these laws benefit the public?

By assuring them of a skillful, accurate service when they visit an Optometrist.

Must a person devote a great deal of time to the study of Optometry before he can graduate as an Optometrist?

Yes, he must become proficient in many subjects.

In measuring the defects of the eye, how does an Optometrist proceed?

He has many instruments to aid him, and he works in harmony with the laws of light and refraction.

Is Optometry destined to become a still greater benefit to mankind?

Yes, the more the public learns of the subject, the more necessity they will see for the correction of all errors of vision, and the more they will consult the Optometrist.

RESUMPTION OF BLAST FURNACES CONTRIBUTES TO MARKET RECOVERY

Clearing of Accumulations on Tracks Removes Soft-ening Factor.

FOUNDRY IS UNAFFECTED

By the Strike But There Is Large Increase In the Quantity of 72-Hour Coke Being Offered; Spot Furnace at $3.75 to $4.00, Foundry $5.50-$6.25.

Special to The Weekly Courier.

PITTSBURG, Oct. 8.—The coke market is recovering from the shock of the iron and steel strike and prices are less irregular than a week ago. There has been the double influence in the past few days of the decreased production of coke and of the resumption of several blast furnaces which the strike made idle in its early days.

As to the majority of the blast furnaces that were made idle by the strike, they are still idle and there are no predictions even as to when they may be expected to resume operations, but a few of the furnaces have been put into operation again. The strike has now become a matter of geography. In the Shenango Valley, which was affected quite largely at the outset, normal operation has been almost completely resumed, and the Shenango Valley now requires practically as much Connellsville coke as at any time. The Mahoning Valley, on the other hand, has become recognized as a tightly closed region and not even the first break towards operation has occurred. The Buffalo district is largely idle and is likely to remain so until the whole strike ends.

Some of the suspensions of coke shipments were ordered just before the date set for the strike, September 22, but most of the suspensions occurred just afterwards, and this left a great deal of coke en route. Some of it could not be unloaded when the furnace involved was idle, and as furnaces have resumed they have first provided for using the coke available, being somewhat slow in instructing coke operators to resume shipments. In some cases shipments are only now being started to furnaces that resumed operations more than a week ago.

Considering the large decrease in coke consumption caused by the strike, the amount of coke that accumulated on track was remarkably small, although it was sufficient to give the market a very soft appearance. There was a time when the best bid obtainable for spot furnace coke was $3.25 and it is possible that some sales were made at that price. It is known that considerable tonnage was put through at $3.50, this serving to stiffen the market somewhat. This week there is some coke offered at $3.50 but it is understood to be of inferior quality, practically soft coke, and not desirable for blast furnace use. There is coke of standard grade to be had in limited quantities without difficulty at $3.75 but for shipment over a fortnight or so this price could hardly be done, $4.00 being nearer the figure. Some of the conservative operators are quoting $4.25 as their price, it being understood, of course, that there is no occasion for buyers to pay such a figure.

The demand for foundry coke has not been affected a particle by the strike, as none of the iron foundries has been affected directly by strike or indirectly by shortage of pig iron. Some of the operators making regular standard brands of foundry coke have had such a decrease in their furnace coke business that they have been able to make more foundry coke, of their regular quality, and thus there has been an increase in foundry coke of standard quality. Other operators, not ordinarily factors in the foundry coke trade, have had occasion to decrease production and have done so by making 72-hour coke instead of 48-hour coke. The 72-hour coke is then offered as "foundry coke," which it really is not. Such coke has been offered at as low as $4.00, with some that might possibly pass muster at $5.00. Such cokes cannot be considered as regular foundry coke propositions.

Cokes of regular quality though not of the best are available at $5.50, which is the bottom of the regular foundry coke market. The best brands of coke, formerly selling at $6.25 in racks and $6.50 in box cars, are now available in all cases at 25 cents less, and some can be had at $5.75, this being regarded as an inside price for the best brands. The market as a whole is thus quotable as follows:

Furnace	$3.75 @ $4.00
Foundry	5.50 @ 6.25

The Pittsburg district coal market has also suffered from the strike, practically the entire consumption by iron and steel concerns in the Mahoning valley being shut off, while consumption elsewhere has been reduced slightly. Two at least of the by-product plants in the Youngstown district, however, are operating in part, chiefly for the purpose of keeping the ovens warm, and the coke produced is being sold at attractive prices when there is any demand for such coke. Prices of Pittsburg coal have softened only a trifle.

The pig iron market is decidedly inactive. The furnaces that are operating are fairly well sold up and are now faced with the prospect that their customers will take shipments up to the contract limits, so that there is no iron to spare, while the idle furnaces do not know when they will be able to carry out contracts. The pig iron market may work up to slightly higher levels when the strike is over, but at the present time there is practically no talk of higher prices and there is scarcely any activity. The market is quotable at the same level as for weeks past:

Bessemer	$27.25
Basic	25.75
Malleable	$26.25 @ 27.25
Foundry	26.75
Forge	25.75

These prices are f. o. b. Valley furnaces, freight to Pittsburg being $1.40.

BLISS NATIVE HERB TABLETS

Many thousands of old and young keep their systems free from the dreadful consequences of constipation by taking Bliss Native Herb Tablets at regular intervals. Those who lead an active outdoor life take one occasionally while others whose work is confining and laborious and are more subject to that condition, retain their health by using them more frequently. Bliss Native Herb Tablets not only relieve constipation but stir up the liver and kidneys, cleansing them of all fermentation, and restore them to a natural, healthy, active condition. They also purify the blood, and have a general tonic effect on the whole system. One tablet at night will make the next day bright.

Bliss Native Herb Tablets are put up in two sizes. The large sized box contains 200 tablets, enough to last the average family six months. Every box carries our money back guarantee. Take no substitutes. Look for trade mark on every box. Put up in two sizes, $1.00 and 50c.

Sold by leading druggists everywhere. Made by Alonzo O. Bliss Co.,

Rheumatism

A Home Cure Given By One Who Had It.

In the spring of 1898 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

BALTIMORE & OHIO

Youthful Riding Habit for Fall

Of all seasons of the year autumn is the most alluring to the woman or girl who rides horseback; cool, bright days, without the listlessness of spring or the heat of summer, a world arrayed in gorgeous colors and air that stimulates and caresses, make it a joyous time for horse and rider.

Some of the riding habits for fall seem to interpret the season in their colors and texture. The bronzes and browns of oak leaves are translated into warm, rough fabrics that give a sense of comfort for frosty mornings. A youthful model in a riding habit for fall is shown in the picture above. It is made of a heavy, rough-surfaced cloth, tweed apparently, in a brown check. The coat sets snugly with a flaring skirt that is quite full in the back and is shorter than usual. It has flap pockets and fastens with three buttons at the front below narrow revers. The riding breeches that button below the knee do not reveal any change in style. A tan skirt with soft collar, and a brilliant-hued, four-in-hand tie contribute their share to a costume that is beyond reproach. The soft felt hat has a high crown and brim that rolls upward. Brown leather boots and heavy kid gloves in the same color are items that put the finishing touches to this well-turned-out habit.

There are several weaves in sturdy woolens that are represented in each season's showings of habits. For older women plain cloths make the best choice, and covert cloths or whipcord always prove reliable. Brown and dark blue are favored colors. Black and white in small checks always has a following in spring and summer and makes a snappy outfit with black boots and hat. But when one has a single habit that must serve the year round a plain dark color is altogether better than anything else.

Julia Bottomley

EMPLOYEES OF U.S. BUILD BIG UNION

THEIR ORGANIZATION GROWING DESPITE OPPOSITION OF MANY CONGRESSMEN.

WHAT IT IS WORKING FOR

Already Has Exerted Considerable Influence on Congress—Officers Deny Danger Exists of Any Strike Against the Government.

By JAMES P. HORNADAY.

Washington.—During recent weeks a considerable number of congressmen have taken the position in public addresses that the employees of the federal government should not be permitted to organize. In spite of the opposition that has been voiced, the national federation of federal employees continues to grow. It now has more than 50,000 members, and organizers were recently dispatched from headquarters here to every state with instructions to attempt to enroll all federal employees in the union.

So it looks as if the organization had come to stay. Thus far it has pursued a conservative course.

Luther C. Steward, president of the organization, asserts that it is working for the following things: A living wage for all government employees; retirement with pay for all superannuated employees; standardization of duties and wages and automatic increase in pay based on merit; a federal personnel board, with authority to adjust salaries and conditions of employment as circumstances warrant; equal pay for equal work for government employees, men and women; equal suffrage; greater political freedom for federal employees; a real merit system, including a non-partisan civil service commission to succeed the present bi-partisan commission, and a training school where all government employees may be given an opportunity to study all executive positions, this school to be maintained by the federal government.

Its Influence on Congress.

Something like 30,000 government employees here have become members of the organization within the last fifteen months. They are exerting influence on congress. To this influence may be traced the defeat of legislation recently proposed to lengthen the working hours of government employees without increase in pay; the enactment of a law giving a 10 per cent annual increase in salary to all government employees here receiving $1,200 or less and an increase of 5 per cent for all government employees receiving from $1,200 to $1,800 a year; the enactment of legislation providing for a flat increase of $10 a month for all employees receiving up to $2,500 a year; legislation providing for the creation of a joint committee on reclassification of salaries in the departments, a commission that is now at work.

Directors to the government employees' organizing have as a rule voiced the fear that the time would come when the organized employees would strike. The present officers of the organization say no such danger or possibility exists. It is asserted that a vast majority of the employees who have joined the federal union were assured by the officers of the union that a strike against the government would never be called. Nevertheless there is a good deal of uneasiness among members of congress over the possibility of the government's being embarrassed by a general strike of its employees at some time in the future.

Awaiting the Conference.

The national capital has temporarily escaped any such calamity as befell Boston, when the police force in that city organized and then struck, by agreeing that neither side to the controversy here shall make any move until after the October 6 conference. The last development before President Wilson asked the District commissioners not to take any further action with respect to the course being pursued by the police force, was an application in court by the policemen's union for an order restraining the federal government as represented by the commissioners for the District of Columbia, from interfering with the alleged right of policemen to join the union.

Both the employees in the departments who have become affiliated with the union and the members of the police force who have joined the union will ask the October 6 conference to say that federal government employees as well as state and municipal employees have the right to join the labor unions. Some of the men who will sit in the conference will, it is understood, take the position that if the general right of employees of the nation, state or municipality to organize is recognized, a distinction shall be made between the employees who are clothed with police authority and those who are not.

High Heels Lessen Vitality.

—High heels prevail in spite of the promise of something wiser in build coming into popular favor. "Yet, to quote a well-known doctor: "No woman pretends that she is comfortable when wearing high heels nor can she hope to be graceful when wearing them, for the body is thrown out of poise and the action of the feet is restricted. More serious than her awkwardness is the eventual injury to her health. For in the effort to preserve her equilibrium the shoulders are thrown forward, depressing the chest; breathing is interfered with, and that means poorer blood and a final decrease in vitality. This comes gradually, but it is inevitable when a woman persists in wearing very high heels. Her heels should conform to the arch if her instep."—Exchange.

"Pass, Officer."

Sentry (pacing his post in pouring rain beside a deep gully)—Halt! who is there?

Officer (hitting the high spots to avoid the mud)—Officer of the camp.

Sentry—Advance to be recognized.

Officer (disgustedly)—Have you got a boat?

Sentry—Pass, officer. — American Legion Weekly.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

GAIN IN OPERATION AT STEEL PLANTS TO DATE IS NOT LARGE

In Belt, from Wheeling to and Along Lake Erie, Nothing Doing; Pennsylvania Is Almost Normal.

Special to The Weekly Courier.

NEW YORK, Oct. 8—The American Metal Market and Daily Iron & Steel Report will review the steel and iron trade tomorrow as follows:

While the outcome of the iron and steel strike was determined before the end of the first week, it being made clear that the strike could not possibly win, the increase in operations even to the middle of the third week is far from large. The gains in employment and production have been confined almost entirely to the regions where the strike gained a foothold but not a strong enough one to enable it to close plants.

There is now a clearly defined strike belt, starting with the Wheeling district, running north through the Mahoning Valley to the Lake Erie front at Cleveland, and then along the lake to Buffalo, where practically everything is down except one or two plants in the extreme east of the Buffalo district. In this entire belt there is scarcely any employment or production, and there are no distinct signs as to when a break in the ranks of the strikers will occur.

To the west of the belt is the object lesson of the Chicago district being partly under martial law, with disorder prevented and the majority, who are strikers, unable to get the minority, who are workers. To the east of the belt there is the spectacle of Pennsylvania operating almost normal already, and slightly better every day, while to the south there is practically full operation.

Public sentiment is fully with the employers. Congress also understands the situation. It is recognized that the strike had no reasonable basis and that for it to have been a success, from the standpoint of the leaders, would have been a public calamity. The customers of the steel industry realize this readily and are expressing their full sympathy with the producers from whom they draw supplies. Shipments of finished steel are averaging slightly more than 50 per cent of normal and much inconvenience is certain to result, but there is no complaint.

Simple Home Remedy Advised For Rose And Hay Fever

Anyone Can Make a Pint For Trifling Sum and Used In Time May Prevent Annual Attack

"No matter how severe your yearly attack be,
No matter how distressing or humiliating—
Its intensity can be reduced to a harmless, mildness,"

says a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Pour one ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled. Gargle daily as directed and snuff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcine in one ounce vials, is dispensed by all the better pharmacies.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 85 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

90,000 MEN, STILL IN THE ARMY, MUST BE ABSORBED IN CIVIL LIFE BY OCTOBER 31ST

The office of the assistant to the Secretary of War, service and information branch, in a statement made public today calls attention to the fact that there are over 90,000 officers and men still in the Army to be discharged between this date and October 31, 1919, who will have to be absorbed in civil life. The statement is as follows:

"The Operations Division of the General Staff has furnished statistics which show that the total number of men in the Army on September 29, 1919, was 332,495. The maximum estimate of the strength of the Army on October 31, 1919, is given as 252,906, leaving 79,589 men to be discharged by that date.

"On September 16, 1919, it is shown that there were 31,525 commissioned officers in active service, 9,146 of whom are regulars and 22,379 temporary. Inasmuch as recent legislation enacted by Congress stipulates that the total commissioned strength of the Army shall at no time during the fiscal year 1920 exceed 18,000 it is obviously necessary that 13,525 of these emergency officers be returned to civil life by October 31, 1919.

"This means that it will be necessary for over 90,000 individuals to find employment in civil life. When Colonel Arthur Woods, formerly assistant to the Secretary of War and in charge of soldier employment, left the War Department he stated that a careful study of reports and available statistics showed that about 80 per cent of men released from service were taken back in their old jobs or better ones by their former employers. This being true it is anticipated that this office will have another 20,000 men added to those now on its lists as needing employment. Among these men, especially the officers, will be found executives and technically trained men of all professions and training, and long experience gained in the Army, these soldiers are among the best to be discharged.

"The attention of the public is invited not because the soldier is being forgotten when the uniform is disappearing from the public eye, but because the impression must not go out that every discharged service man has a satisfactory job. These men who are now being released have been held for the convenience of the government and many have been working day and night in order that their more fortunate comrades might be discharged and returned to civil pursuits.

"They are coming home now, one by one unheralded, and it is hoped that the people at home will remember that these men have had unusually long service and are now coming back to again take up their livelihood where they left off. Experience in the past has shown that employers, and in fact everyone, has been more than willing to extend a helping hand to all men who have worn the uniform of the Army or Navy."

Ohiopyle.

OHIOPYLE, Oct. 9.—Mr. and Mrs. Elmer Wolfe and children returned home Monday after a visit at Brownsville.

Mrs. Alice Holt spent Tuesday shopping in Connellsville.

Miss Ellen Jackson, returned to Uniontown, Tuesday after a visit spent with her parents here.

Emmett Hamilton of Vanderbilt spent Monday and Tuesday here with his sister, Elsie Hamilton.

James Stuck who is ill with typhoid fever was removed to the Memorial hospital, Mt. Pleasant.

Mrs. Milton Hostetler and baby spent Tuesday with her mother, Mrs. C. F. Robinson at Ursina.

Dr. J. R. Cottom of Dawson spent Tuesday here.

Charles Stuck and daughter, Ethel, spent Tuesday at Mt. Pleasant.

Mrs. T. M. Mitchell spent Tuesday in Connellsville.

Miss Lelah Taylor returned Tuesday evening from a pleasant three weeks' vacation spent at her home at Kerens, W. Va.

Miss Irene Burnworth of Mill Run was shopping in town yesterday.

FEW RIGHT-HANDED HITTERS

Large Majority of Outfielders of American League Teams Bat From First Base Side.

Left-handed hitters predominate in most of the American league outfields, the Yankees being the only club with three right-hand hitters working regularly. Lewis, Bodie and Vick all swing from the right-hand side of the plate. Wickland and O'Doul are left-hand hitters, and Halas bats either way. Detroit has Cobb, Veach and Shorten swinging from the left side, and Fingstead the only right-hand hitter. Boston has Hooper, Strunk, Ruth, Lamar and Gilhooley, who are left-handed hitters, and Gainer, a converted infielder, as the lone right-hand hitter. Cleveland has four left-handers in Graney, Sneaker, Smith and Jamieson, with Wood the only outfielder swinging from the other side. Jackson, Leibold and Eddie Murphy of the White Sox hit from the first base side, while Felsch and John Collins are right-hand hitters. Milan, Rice and Menosky of the Nationals belong to the left-hand division, as does Murphy. Of the St. Louis Browns, Tobin, Dennitt, Smith, Sloan and Williams are left-handed hitters; Jacobson the sole right-hander. Witt and Kopp of the Athletics are left-hand hitters.

SHAKE UP FOOTBALL COACHES

Changes Made in Supervision of Instruction at Many Colleges—Sharpe at Yale.

There has been a shakeup in the football coaching staff or supervision of instruction in the game at Harvard, Yale and Princeton. Yale will have Al Sharpe, the former Cornell coach,

Al Sharpe.

while Bob Fisher will succeed Percy Haughton at Harvard. Bill Roper will take Speedy Rush's place at Princeton, and Rush will succeed Sharpe at Cornell. Larry Bankart will return to Colgate, Bob Folwell will be back at Penn, Ed Robinson will be at Brown and Fred Dawson at Columbia.

Coughs, Colds and Sore Throat Promptly Relieved

End A Cold Over Night By Using Simple Wormwood Treatment. Easy And Pleasant To Use.

Don't fool along with a raw sore throat or a nasty disagreeable cold. Letting them go enables them to get a foothold that may end in many weeks of serious sickness such as influenza, Pneumonia or Grippe.

Coughs, Colds, Croup, Bronchitis and Sore Throats may all be quickly relieved by using Geero Wormwood Balm—no waiting for 3 or 4 days—no sickening internal medicines or no blistering external rubs. Geero Wormwood Balm is a clean, fragrant, penetrating ointment that rubs right in like a vanishing cream, and is sure to bring quick relief.

To break a cold over night, do this—Cover throat and lungs with a hot steaming towel for about 3 minutes—remove, dry the skin quickly and rub in all the Wormwood Balm the skin will take up—then cover with a warm flannel and use the "Geero Medicinal Steam" as directed on circular.

This treatment brings sure results. A. A. Clarke, C. Roy Hetzel, J. C. Moore and any good druggist can supply you with the Geero Wormwood Balm at small cost.—Adv.

BIG ULCER ALL HEALED

"Here is another letter that makes me happy," says Peterson, of Buffalo. "One that I would rather have than a thousand dollars."

"Money isn't everything in this world. There is many a big-hearted, rich man who would give all he has on earth to be able to produce a remedy with such mighty healing power as Peterson's Ointment, to sell at all druggists for 35 cents a box."

Read this letter, written February 14, 1918, by Mrs. Albert Southcott, of Medina, N. Y. It seems like a miracle, but it is true, every word of it.

I know it because I get similar letters almost every day.

Is it any wonder I am happy!

Peterson Ointment Co., Inc., Buffalo, N. Y.

Dear Sirs—

"I was an untold sufferer from an old running sore and ulcers. I had tried most everything without any relief from pain. A friend told me of your wonderful ointment and the first box took away the pain that had not left me before in years, and after using just nine dollars worth of the salve I am cured. The ulcer was 8 inches by 6½ inches, is all healed and I can walk. Never, never will I be without Peterson's again.

"You may use this to recommend your ointment if you wish. I cannot say enough to praise it." Yours truly, Mrs. Albert Southcott, Medina, N. Y.—Adv.

SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

GOLD MEDAL HAARLEM OIL CAPSULES

bring quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. All druggists, in three sizes. Look for the name Gold Medal on every box and accept no imitation

How We Sterilize Your Family Washing

Unseen foes of good health lurk all about us—in the air, on our clothes. We know that clothes that merely look clean may be highly impure. To be *truly* clean, clothes must be *sterilized* as well as washed.

That is one of the many reasons our laundry service should appeal to you. When you send them to us, your bed linens, garments and household things are more than washed. They are purified.

We are able to do this because we completely change from nine to twelve times the waters in which we wash your clothes. In addition, we use a number of disinfecting solutions. One of these is "Javelle Water".

"There is absolutely no chance for disease being spread through the modern laundry", declares Dr. H. G. Elledge of the Mellon Institute of Industrial Research, who has investigated laundry methods.

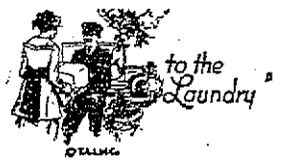
Can you be as sure of this cleanliness and sterilization when you entrust your family bundle to some unknown washwoman?

Let us help you safeguard the health of your family. Send your family washing to us.

Telephone us and we will instruct our driver to call.

Connellsville Laundry Co.

SNOW WHITE WORK



MEATS

No Profiteering—No Fifty-Fifty

All wholesale prices have been reduced 30 per cent for the past two months and you are still paying old prices. What are you doing it for? Do not be deceived—read the "Chronicle Telegraph" and see the Pittsburg prices, and read Flanigan's prices and they are the same. I am selling for Cash the same as they are in Pittsburg. If you want the value of your money do not be looking for Trading Stamps—do not be looking for a delivery "bus." Come and see your meat trimmed and weighed. The thing of delivering meat at all hours and all places you are getting what you don't want. Read all I say and get the idea. Let no man deceive you. I trim all meats before it is weighed. Honest count, full weight and justice to all is my motto.

Read These Prices and See Who Is Your Friend.

"Yes monsieur—I shall make you take this case to court. I went on rapidly 'After that I shall sue you for false arrest—and imprisonment if I'm imprisoned But meanwhile, I shall immediately set the customs house officials on the hunt for your daughter's jewels and find out whether they were actually brought into America or not If the jewels are in the least valuable—as you seem to be trying to make out—there'll be quite a neat little duty to pay provided they're not confiscated outright—which is more than likely Monsieur, you have overlooked the fact that I asked Claire—and I here Mrs. Delario also—if she had anything to declare and she told me she had not So I shall be a witness in the government's case against you

His expression had changed from anger to cynical contempt and he sneered Very clever madame—very creditable to my limited nerve—ha ha! Madame is afraid of nothing but to lose some so valuable jewels of my daughter— and with this he stepped close I thought he was going to lay hold of me

I stepped back just out of his reach and took a firm grip on my hatpin

And now madame—we—have—all—the—cards—and—as—soon—as—you—are—ready—to—show—your—hand—we—will—play—them Where are ze jewels of my daughter

And I say monsieur I cocked my head—a—little—to—one—side—and—said—to—the—side I don't know

With a quick dive of his hand into his pocket he whipped out a small revolver

Perhaps zis will refresh madame's memory he sneered

"Perhaps Zis Will Refresh Madame's Memory"

Well it refreshed madame's something—for want of a better term I'll call it that—if it refreshed anything I waved the revolver aside with a gesture of contempt I began—"Monsieur has he not had this trouble to obtain these jewels? It may be of importance to know

I—(

Monsieur I believe a stranger is inquiring for you over the telephone Will you kindly step this way—yes

Well—I was merely wondering on my way if such a ruse—such a—stratagem—and—evasion—to—the—side I don't know With a quick dive of his hand into his pocket he whipped out a small revolver

Perhaps zis will refresh madame's memory he sneered

Well it refreshed madame's something—for want of a better term I'll call it that—if it refreshed anything I waved the revolver aside with a gesture of contempt I began—"Monsieur has he not had this trouble to obtain these jewels? It may be of importance to know

POSITION OF PRODUCERS SHOWS STRENGTH TO HAVE BEEN GAINED

Production Being More Nearly *Absorbed By the Current* Demand.

OUTPUT CUT 28,000 TONS

As Compared With Decrease of 72,000 Tons During the Preceding Week; No Change in Active Oven List; All Operating on Reduced Running Time

From The Weekly Courier

Satisfactory as was the condition of the coke trade at the conclusion of the first 10 days of the steel strike, the ushering in of the third week of the struggle finds the position of the coke producers to have gained additional strength. Production has been reduced to such point that output is being more nearly absorbed by current demand; the tracks have been cleared of standing coke; less stock is being laid down on the yards; the softening of the spot market which began to develop a week or 10 days ago has been halted; coal continues to move in good volume, even if it has been largely diverted from by-product coke production to steam making purposes; hence, considering the situation in its larger aspects as related to the steel strike, it shows a wholesome and steady improvement.

The curtailment of 28,000 tons in production during the week ended Saturday last was but slightly over one-third the decrease in the preceding week which marked the inauguration of the strike. This indicates that the region made a fairly good guess of the extent to which coke demand would fall off in consequence of the closing down of a number of furnaces, while it also proves that the strike acquired all its momentum during the first week and has not since operated to further restrict the market for coke.

The lessening of productive effort has been most pronounced at the plants of the furnace interests, particularly those of the H. C. Frick Coke company, one of the United States Steel Corporation's subsidiaries, as was to be expected, the enforced idleness of the latter being the principal objective of Syndicalist Foster's drive. Notwithstanding, however, the Frick company continues the operation of its plants without reduction in the number of active ovens but, in common with other producers, on a reduced running time schedule.

Although the production of coke at the merchant ovens fell off 1,900 tons, and now exceeds that of furnace ovens, the decrease at merchant ovens for the past week was about 11,000 tons less than that of the preceding week. This, in conjunction with relatively the same proportion in reduction of the furnace oven production demonstrates, statistically at least, the extent to which the region was able to adapt itself to the strike situation with in a fortnight after it had been entered upon. The process of adjustment is continuing this week along the lines laid down at the beginning and the feeling throughout the region is that the period of greatest alarm has already been safely passed.

Estimated production of coke for the week ending Saturday, October 4, was 157,600 tons, contributed by the two districts in the following proportions: Connellsville, 80,380, a decrease of 26,396 tons; Lower Connellsville, 77,220, a decrease of 2,214 tons, or a total decrease of 28,526 tons, as compared with a total decrease of 72,681 tons during the week ended September 27.

By interests the production was: Furnace, 72,258, a decrease of 25,574 tons; merchant, 85,350, a decrease of 2,946 tons. For the week of September 27 the furnace production decreased 59,105 tons and the merchant production 13,576 tons. Of the total production last week about 6,000 tons were stocked on the yards, against 15,050 tons stocked the preceding week.

The only change in the active oven list was the blowing out of 11 ovens at a merchant plant in the Lower Connellsville region. Running time ranges from four to five days on the average, a few plants making only three days and a smaller number six.

COKE TRADE SUMMARY.

The coke region enters upon the third week of the steel strike with its position strengthened. Reduction in running time and in means of lessening output, has brought the supply of coke more into relation to demand. Fewer cars are standing on the tracks and not so much coke is being stocked on the yards as during the first week of the strike. This condition has removed the softening tendencies in the spot furnace market, while foundry, unaffected by the strike, continues active despite the increased production of 72-hour coke.

Production decreased last week by 28,000 tons to a total of 157,600 tons, as compared with a decrease of 72,000 tons to a total of 186,120 tons during the first week of the strike. The greater cut continues to be made at the ovens of the furnace interests, the aggregate production of which is now less than that of the merchant ovens. The blowing out of 11 ovens last week was the only change in the active list, indicating that the producers find a slow-time running schedule sufficient to hold production in check.

Coal shipments continue in good volume the conditions with respect to the change in destination from by-product ovens to steam producing purposes being the same. Coal car supply has been fair, with a range from 70 to 75 per cent of requirements. Coke cars have held close to 95 per cent, the discrepancy, when it occurs, being in box cars for foundry loading.

Coke car supply holds around 95 per cent. Coal cars are not so well distributed, the supply on the Pennsylvania railroad having been about 65 per cent; Baltimore & Ohio 50 per cent and the Monongahela 65 to 75 per cent.

LOSS IN COKE OUTPUT DUE TO STEEL STRIKE WAS ABOUT ONE-THIRD

Effect Felt Most Severely in Pennsylvania and Ohio; A Heavy Demand Despite Labor Troubles.

The production of beehive coke in the United States fell off nearly one-third during the first week of the steel strike, the weekly report of the United States Geological Survey shows. For the country as a whole the decrease when compared with the week ended September 20, was 105,000 tons, or 30.6 per cent. Over 100,000 tons of this was in Pennsylvania and Ohio alone. The output of beehive coke in West Virginia and the southern states has so far been little affected by the strike. A slight decrease was reported from the Rocky Mountain region.

In spite of the strike it is to be noted that the demand for beehive coke, as indicated by production, was greater than during any week from mid-April to mid-July of this year.

Production by districts during the week in 1918 and 1919 was as follows:

	1919	1918
Penn'a. and Ohio	252,334	456,632
West Virginia	20,478	18,138
Ala., Tenn. and Ga.	23,211	44,681
Va. and Ky.	23,643	27,565
Col., Okla. and N. M.	19,105	21,569
Wash. and Utah	6,172	11,811
Total	345,997	610,242

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are *Dissolved and the Rheumatic* Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenrhu, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Allenrhu relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenrhu who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenrhu decisively conquers this worst of all diseases, and he has instructed the Connellsville Drug Co. to guarantee it in every instance.—Adv.

Buy Your Flour Direct From the Mill, and Cut Down the High Cost of Living.

Our method is the most MODERN, SCIENTIFIC, and SANITARY system of flour milling there is.

By actual test our WHITE MARVEL brand will make 305 pounds of baked bread to the barrel, while flour milled by the common roller system will make only about 200 pounds.

We guarantee this flour to make a whiter, and finer grained loaf than can be made of flour milled by the old and prevailing system.

If ordered within the next 10 days we will deliver WHITE MARVEL FLOUR to your depot, in not less than five barrel lots, at the following prices:

Packed in Wood	$12.40
Packed in Cotton	$12.20
Packed in Paper	$12.00

Less than five barrels will be 25c more per barrel.

With each order received under the terms of this offer, we will send, free of charge, a booklet containing many good and tested recipes, telling what to do and how to do it to get the best results.

Send check with order.

IT PAYS

There is Never Any Question About That.

Some investments are of doubtful value but there is one that always pays. In fact, you know in advance exactly what it will earn—know that it's safe and that every dollar you put into it will be returned to you with liberal interest. Yes, a savings account with the First National Bank is a sound investment and one that may be made with as little as a dollar bill. Adv.

Easier Now Than Later.

It is easier to break up a cold or check a cough now than it will be later. Persistent bronchial coughs that "hang on" are a step in the way to serious throat and lung diseases. L. W. Day, 99 Clinton Ave., Detroit, Mich., writes: "Dr. King's Honey and Tar relieved one of my colds very quickly. I hope never to have it again." This reliable family medicine for the relief of coughs, colds, croup, hoarseness, etc., contains no opiates. Children like it. Sold everywhere.—Adv.

October—Gorgeous and Gay—Is Here

NEW FROCKS

will be needed more and more as Society turns its attention from sports to clubs and afternoon teas, for which no costume is so appropriate as a beautiful Georgette or Meteor gown.

OCTOBER brings also need for dresses to replace the crisp, clean ginghams and other tub frocks which office girls and business women have been wearing for the last four months and for this we have gathered together a group of modestly priced French serges in Navy and Black, made with simplicity in excellent good taste; sizes 16 to 44; priced at

$15.00 and $19.75

FINER woolens in Serge and Poplins and Satins, Crepe de Chines and Georgettes, beaded and braided in in Taupe, Brown, Plum, Copen, Navy and Black; sizes 16 to 44, are priced at

$22.50, $29.75 and $39.75

TRICOTINE of splendid quality, Crepe Metpor, Granite Crepe, Kittens' Ear Crepe, Georgette, Satin and Wool Jersey, made with draped skirt, three-quarter sleeve, beautifully trimmed and all exclusive models in the best of the season's colorings form beautiful gowns *for any fete; sizes 16 to 44; priced at*

$45.00, $55.00 and $65.00

Worthy to be called costumes as the French couturier calls his most beautiful creations, are the beautiful garments in finest Tricotine embroidered in silk or yarn, Charmeuse, Kittens' Ear Crepe, Meteor, Georgette or combinations of Crepe and Georgette, or, possibly, in the Tricolette and Poulette weaves which represent the most exclusive styles and designs of the year. Beads, embroidery and all the dainty trimmings which add so much to a gown's effect adorn these costumes which comes in Rose Taupe, Seal Brown, Plum, Navy and Black with Taupe, Brown and Navy most popular; sizes 16 to 44; priced from

$75.00 up to $112.50

How Proud the Modest Silk Worm Might be

could he realize how very important he is in the clothing of fair women. His is the secret of turning prosaic mulberry leaves into cobwebby nests of infinitesimal silken threads and the mind of Man stands baffled before the simple mechanics of his tiny, grubby body. He's the producer and could he see the lustrous, colorful Tissues, the filmy Georgettes, the soft Crepes, the radiant Taffetas and the rich Satins, he might be justly proud of what Man, the artist, has spun from his silken shroud.

New Fur Hats

They're all the vogue now in New York just the plain fur, Hudson Seal, Squirrel, Nutria or Mole, although if the wearer desires, a knot of the bright metallic ribbons or a nosegay of pastel shaded flowers or, possibly, an ostrich fancy will add the desired touch of color.

JUST A TOUCH OF FUR

is found on some of the hats made of Tapestry, Tinselton, Duvetyn or Panne, for in addition to Monkey Fur which was shown earlier in the season one finds now Seal and Mole growing in favor in the exclusive shops of Fifth Avenue.

MISS RIDGWAY is just home from New York where she bought most attractive models in fur and fur-trimmed hats as well as a number of very beautiful pattern hats illustrating the newest millinery trends.

NEW COATS

are a good buy now, not because the weather requires them, but because the wise woman will buy now while the selections are good and before replacements send prices kiting.

FOR all kinds of weather and practical wear are sturdy Wool Velours good looking durable, in the darker tones of Brown, Green and Burgundy, Plum, Taupe, Navy and Black. These are full length of generous breadth in the skirt, made semi-fitted with inverted plaits, or belted and lined either half way or full length. There is a good showing of Cheviots in the last priced group. These coats come in sizes 16 and 18 and are priced at

$22.50, $29.75 and $39.75

AMONG the better coats in finer fabrics, richer linings and a wider range of cloths and colors are Broadcloths, Silvertip, Bolivia, Tinseltone and Heather Mixtures in Navy, Brown, Taupe, Plum, Burgundy and invisible checks with the new collars in plain and gathered effects. The sizes are 16 to 46, and the coats are priced at

$45.00, $55.00 and $65.00

EVORA Crystal Bolivia Lucerne, Cascade, Suedine, Peachbloom Marvella, Silvertone and Tinseltone are the richer fabrics which make the coats in the third price group so irresistibly appealing. They come in all the good shades of the season with but one of a kind. Some are semi-fitted models, some are loose backs and belted across the front and others are belted all around. Shawl collars of the material or deep collars of Hudson Seal, Nutria, Australian Opossum and Raccoon feature many of them, while the lining are of pussy willow taffeta and satin. These are priced from

$75.00 and $85.00 to $125.00

New Velvet Gowns

Afternoon toilettes of velvet in Navy, Black, Brown and Taupe are among the season's richest offerings—and we count ourselves fortunate to have secured a few of the more exclusive models. These costumes, owing to their weight and beauty, are well suited to almost any wear, either for street or for afternoon tea, for after all, nothing is so beautiful as a fine velvet.

As these are all one of a kind, the models vary. Some have blouse effects or waistcoats, others are straight lined; some depend upon the richness of the material for trimming, but others are more elaborate. These are priced at

$49.75 and $69.75

Fur Fabric Coats

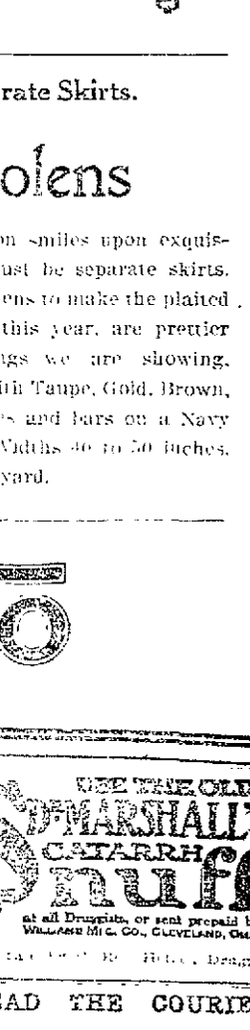
Wonderfully like the furs they imitate are the sport coats in Persian Lamb well lined and decidedly popular, which are specials at

$29.75.

No less accurately have Beaver, Civet Cat, Mole and Hudson Seal been copied in the weaving of the materials from which a splendid line of imitation sport coats has been made. Particularly good are the imitation Hudson Seal coats trimmed with imitation Beaver. These coats are from 16 to 48 measure and are priced at

$35.00, $65.00 and $100.00

Full length coats in a beautiful, rich plush are here in a good assortment of sizes and prices.



Not Fur—

But New Fur Cloths

They're beautiful and you can't blame anyone for wanting them made into stoles, muffs, entire coats or coat trimmings. Four of the richest and prettiest are:

Mole Sealskin, 52 in., the yd., $15.00.
Beaver Sealskin, 52 in., the yd., $15.00.
Animole Taupe, 52 in., the yd., $18.00.
Hudson Sealskin, 52 in., the yd., $19.50.

No Matter What the Dress Need.

Silks—the Solution

VELVETEENS for suits and dresses, black only, in 24 and 27 in., the yard $2.50.

BROWN CORDUROY for beautiful sports suits, 32 in., the yard, $2.00.

PRINTED SILKS for kimonas, brilliantly colored in Blue, Green, Gold, Pink, Navy, Purple, Brown, Henna and Gray patterns, 31 in., one yard, $2.00 and $2.50.

CINDERELLA SILKS for party frocks in Navy, Taupe, Brown and Rose Taupe, 40 in., the yard, $3.00.

MOON-GLO SATINS, shimmering with silvery light and a truly beautiful fabric for handsome costumes, Navy, Walnut, Brown and Black, 50 in., the yard, $7.00.

For Separate Skirts.

Woolens

So long as Fashion smiles upon exquisite blouses, there must be separate skirts, and none of the woolens to make the plaited models, so popular this year, are prettier than the rich skirtings we are showing, some plain, others with Taupe, Gold, Brown, Red and Gray stripes and bars on a Navy Blue background. Widths 40 to 50 inches, at $3.50 to $5.50 the yard.

WRIGHT-METZLER CO

Gold Bond Stamps Are the Interest You Earn on the Money You Spend.

COAL SALES IN GREENE

Include Transactions Up to $625 per Acre as the Consideration.

Several [illegible] have taken place in Greene county during the past few days.

Miss Melissa Morris, of Waynesburg has sold a tract of 48 acres and Mrs. Curtis G. Morris, of the same place, a tract of 50 acres, both in Whiteley township to Morton Pumphrey who sold a tract of [illegible] acres in Cumberland township to [illegible] Coal company, the consideration being $625 per acre.

The heirs in Cresap town-ship and the heirs of [illegible] Run are disposing of their old coal holdings in Greene township. The coal still has a value at good prices, although it is not what it once was.

John Hathcock, of Waynesburg, has sold a tract of about 78 acres of coal near Ten Mile for $50 per acre. It is reported that a block of 3,000 to 4,000 acres of coal along North Ten Mile creek has been taken.

The Cumberland Coal company recently purchased 180 acres of coal from [illegible] Kenner, of Waynesburg. [illegible] Acres of coal in Cumberland township, Greene county, was sold by [illegible] to the Cumberland Coal company for $500 per acre. The same company also purchased 180 acres of coal in Cumberland township from [illegible] and others at $400 per acre.
